- Veterinary Clinics / Kennels
- Food Service / Prep Areas
- And more!

P. Freyer — ★★★★★

Highly recommend- their team came in and was super professional and left our garage floor looking amazing, we love it. Not to mention, their product is non-toxic too which is important to us. Thank you!!

KEY BENEFITS:

Long-Lasting Protection: Durable and built to last, withstand heavy foot traffic, vehicles, and resist wear and tear.

Eco-Friendliness + Kid/Pet Safe: Non-toxic and sustainable, promoting a healthier indoor environment - plus we're made in the USA, keeping our carbon footprint low.

Aesthetics: A wide range of finishes to complement any style, from sleek and modern to classic and timeless. We offer our standard flake application, quartz, and marbling!

Easy Maintenance: Life is busy, make it easy with low-maintenance surfaces that are easy to clean and keep looking pristine.

Warranty: Have peace of mind with a lifetime warranty for our indoor residential applications

WHY CHOOSE US?

- **Expert Application:** Our skilled technicians ensure flawless installation.
- **Personalized Service:** Tailored solutions to meet your unique needs.
- **Commitment to Quality:** Delivering exceptional results, every time.
