The iPad Man - Testimonials

I would like to sincerely thank you for visiting us and delivering your presentation of "The Future is Voice". Judging by the feedback I have received, the ladies thoroughly enjoyed the session and learnt not only many practical ways to use their voice but also learnt it was not necessary for them to hold so much fear with regards to digital technology, myself included. You certainly spoke in a clear and easy to understand manner for us over 50's and that is always very much appreciated.

Carol Oudyn - Cool Connection Women's Group

I would like to put on record the thanks of the Probus Club of Buderim Mountain in delivering your presentation "The Future is Voice" to our members. Our members were very happy to have so many questions answered and many thought provoking subjects were noted. The overall feedback from members is that Colin is the best speaker we have ever had at our Probus Club.
