V. KEY CONCEPT for the Week – “CREATING MORE ENERGY”

(In life coaching, **Key Concepts** are the basic building blocks for personal growth and overall success. Some people use only a few key concepts; some people learn and practice all of them.)

The **Key Concept** I’d like you to practice this week is the concept of **energy**.

Here’s the definition we’ll use: **Energy is how much vitality we feel physically, mentally and spiritually at any given time.**

First, we’ll review the perceptions of **energy**, that you have right now. All you have to do is answer each of these questions:

1. From 1 to 10, how would you rate your **energy** level on an average day? _____

2. Do you usually, occasionally or never have the **energy** level you’d like to have?

3. What one thing do you typically do, that affects your level of **energy** the most, in a positive way?

4. What one thing do you typically do, that affects your level of **energy** the most, in a negative way?

5. Name at least two things you've done that have made you feel more **energetic** than ever.

6. Name at least two things that typically drain **energy** from you.

7. How much do you feel your level of **energy** affects the achievement of your goals?

VI. THIS WEEK: To practice the concept of **energy** this week, I'd like you to write a list of at least six things you would like to do to increase and maintain your daily level of **energy**.

VII. AFFIRMATION FRAME MP3's

This week I'd like you to listen to: _____

VIII. CLOSING
