About Us:

Integrated Protection Systems, Inc. is an established security system integrator headquartered in Minneapolis, MN. We specialize in the installation and servicing of leading-edge security systems in the commercial housing, hospitality, gaming, and municipality industries. We are rapidly growing and looking for electronic systems technicians to install and service commercial electronic systems including access control, video surveillance, security alarms, IP networks and cabling.

We are currently located in Minnesota, Florida, Georgia, Texas, and Arizona and perform work across the United States. Travel is not required for this position, but there may be an opportunity for travel if desired.

About the Position:

As a low voltage technician with IPS, you will work with our experienced project managers to install and service commercial electronic systems by following blueprints of electrical layouts and building plans. You will be provided with a detailed scope of work and your work will be in accordance with relevant codes of practice and company standards.

A typical workday may include running cables, mounting and attaching control panels, video cameras, or access control devices, testing devices, performing quality assurance checks, demonstrating systems to customers, and tracking customer assets, work notes, and material used on your mobile app.

About Your Role:

We are looking for team members who are self-motivated and want to build a career as an electrical technician. Your skills make a difference and we will compensate you accordingly. We value experience, but we are willing to help you train and gain experience to further your career with our company.

You will have the ability to:

- Work independently and as part of a team
- Read plans and comprehend the scope of work and ask questions when in doubt
- Organize work, develop procedures, and follow instructions

- Remain knowledgeable in computers, electronics, access control, camera surveillance, public safety and security and building and construction
- Pass a criminal background check and drug screening and have a clean driving record prior to employment

Why work for IPS:

- Our company is a family-oriented company invested in the well-being of our employees. We believe that satisfied employees will be productive employees.
- We have a proven safety record of keeping our employees safe on the job.
- IPS offers professional development and opportunities for advancement in our company.
- We encourage promotion from within our company whenever possible.
- We are a military family and honor our employees and their family members who have served in the United States military.
- We offer longevity bonuses to our employees, as well as monthly employee recognition awards, regular reviews with wage advancement opportunities, and on-going training and certification.
- We realize that work can be fun, and we enjoy friendly competitions among our employees.
