Date:  
01/01/2025

## Item 1: Introduction

One Wealth Map, LLC (OWM) is an investment adviser registered with the Securities and Exchange Commission offering advisory accounts and services. Brokerage and investment advisory services and fees differ, and it is important that you understand the differences. This document gives you a summary of the types of services and fees we offer. Please visit [www.investor.gov/CRS](http://www.investor.gov/CRS) for free, simple tools to research firms and for educational materials about broker-dealers, investment advisers, and investing.

## Item 2: Relationships and Services

*Questions to ask us: Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

What investment services and advice can you provide me? Our firm primarily offers the following investment advisory services to retail clients: portfolio management (we review your portfolio, investment strategy, and investments); financial planning (we assess your financial situation and provide advice to meet your goals). As part of our standard services, we typically monitor client accounts on a daily basis. Our firm offers discretionary advisory services (where our firm makes the decision regarding the purchase or sale of investments). We limit the types of investments that are recommended since not every type of investment vehicle is needed to create an appropriate portfolio. Our firm does have a minimum account size, our minimum of assets under management is \$1,000,000.00, but may be negotiable under certain circumstances. The Firm may group certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee. Please also see our Form ADV Part 2A ("[Brochure](#)"), specifically Items 4 & 7.

## Item 3: Fees, Costs, Conflicts, and Standard of Conduct

*Questions to ask us: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me? How might your conflicts of interest affect me, and how will you address them?*

What fees will I pay? Our fees vary depending on the services you receive. Our annual fees for portfolio management services are based upon a percentage of assets under management depending on the level of services offered. Please refer to the official Investment Management Agreement for details and fee breakpoints. For hourly fee arrangements, each additional hour (or portion therefore) we spend working for you would be charged according to our Hourly Fee Agreement. Our fixed fee arrangements are based on the amount of work we expect to perform for you, so material changes in that amount of work will affect the advisory fee we quote you. All fees are charged quarterly in advance. You pay our fees even if you do not have any transactions and the advisory fee paid to us generally does not vary based on the type of investments selected. Please also see Items 4, 5, 6, 7 & 8 of our [Brochure](#).

While we do not offer to buy mutual funds or variable annuities, we sometimes take on the management of certain investments (e.g., mutual funds, variable annuities, etc.) that impose additional fees (e.g., transactional fees and product-level fees) that reduce the value of your investment over time. The same goes for any additional fees you pay to a custodian. Additionally, you will pay transaction fees, if applicable, when we buy or sell an investment for your account. While some custodians do not charge a transaction fee, some do. **You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.** Please also see our [Brochure](#) for additional details.

What are your legal obligations to our firm when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?: *When we act as your investment adviser*, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means (see heading immediately below).

How do your financial professionals make money? Primarily, our firm receives fees, but some advisors receive a salary and some work only on a percentage of fees charged. Depending on the type of pay an advisor receives it may create a conflict of interest which may increase their compensation. Please also see Item 10 of our [Brochure](#) for additional details.
