Dinner

We celebrated our son's 1st birthday at the **party** hall and it was fantastic. From the service to the food, everything was amazing. I followed their recommendation for Cake and decoration and all my guests liked it. Overall, a 5 star service and will be returning again for future events. A big shout out to there servers who were there to accommodate any last minute requests. Good Luck to the team!!

Dine in | Dinner | \$40-50

We celebrated my dad's 65th surprise birthday **party** at Heritage India. From the very beginning of the planning process up to the very end, we had nothing but exceptional customer service from the staff and head manager Neha. Neha took care of our **party** of about 35 people and made sure everything was completed with perfection. Attention to detail was noticed. Neha also did the decor for the **party**, which turned out stunning! The food was 10/10. Very tasty and delicious. I would recommend this place to anyone that is looking to either host an event or try a modern Indian cuisine.

Dine in | Dinner | \$20-30

Great environment that provides really great food. Unfortunately this is a hidden gem of Brampton that not many people know about but it's slowly changing and more people are beginning to learn a what great service and food Heritage India has to offer. Especially since new management took over.

This is a great location especially for hosting events. I believe they have the biggest patio I have seen in Brampton and there are multiple private rooms in the restaurant for private **parties** and events.

For those that haven't come yet or have any doubts. Give heritage India a shot. Definitely try their mango mojitos, coffee coke, Kali Mirch Chicken or paneer and their fish pakoras.

Dine in | Dinner | \$30-40

Best Indian restaurant for a patio **party** vibe.

We hosted a **party** for 70 people at the patio and its was an unforgettable event for all our guests.. Neha handled everything so amazingly not a single error in service. Top notch food quality and taste. Even though it rained like a cloud burst still no effect at the whole event.

Amazing place in all perspective to host a **party**.

Thank you so much for making our event an success.. 🙏🙏🙏🙏🙏

We had a birthday **celebration** here and everything was perfect. The event manager Neha did a great job and made sure everything was set up to our liking, especially the beautiful backdrop. Food was good and well complimented by our guests, the space was the perfect size and it's great value for the price!

Would hold an event here again or come in as a regular diner.
