

POWER PROMPTS

Introducing Power Prompts with the **CREATE** method, here is a straightforward set of guidelines to help you effectively use **ChatGPT** and achieve exceptional results:

C

Context
Begin by selecting a context from the available options or by precisely outlining the topic or subject you'd like ChatGPT to concentrate on.

R

Result
Identify the desired outcome or result you aim to accomplish with ChatGPT. Pick from the given list or illustrate a similar objective.

E

Explanation
Offer a comprehensive explanation of your request, incorporating any vital information that will assist ChatGPT in grasping the context and anticipated outcome more efficiently.

A

Audience
Define the intended audience for the content, taking into account factors like age, interests, occupation, or any other pertinent demographic details.

T

Tone
Opt for a suitable writing tone from the provided options, making sure it aligns with the content's objective and target audience.

E

Expand
After ChatGPT produces a response, thoroughly examine and modify the content. Employ the suggested editing techniques (e.g., expand, modify, shorten) to polish the text and ensure it corresponds with your desired result.

By adhering to the **CREATE** method for master prompts, you can enhance your engagement with **ChatGPT** and achieve remarkable outcomes tailored to your individual requirements and objectives
