Conflict of Interest

We have considered the conflict of interest provisions in terms of the FAIS Act 37 of 2002 and have not identified any actual or potential conflicts of interest, either ownership interest, financial interest, third party relationships, associates or distribution channels as defined. We adopt a values based approach where the spirit of the legislation is embraced. This is reviewed at least once a year in consultation with an external independent compliance practitioner and reported to the FSCA. A conflict of interest management policy is available to Insureds on request and can also be viewed on our website.
