

Employee Handbook

*A Guide to Our Culture, Values,
and Workplace Policies*

Letter from the President / Director

Dear Team,

Welcome to NuLook Home Care Agency.

I want to personally thank you for choosing to be part of our organization. The work you do matters deeply, and I do not take lightly the responsibility that comes with serving seniors and adults with disabilities in their homes.

NuLook Home Care Agency was created from personal experience. When my mother needed home care assistance, I witnessed firsthand how powerful, compassionate, respectful care can be and how damaging it is when individuals are treated without dignity, patience, or accountability. Those experiences stayed with me and ultimately led me to create NuLook with one clear goal: to set a higher standard in home care.

At NuLook, we believe that clients are not tasks, schedules, or checklists. They are people. They deserve to feel safe, respected, and valued in their own homes. That belief guides every policy, every expectation, and every decision we make as an agency.

This Employee Handbook outlines the standards we expect all employees to uphold. It is designed to provide clarity, structure, and guidance so that you can do your job confidently and professionally. I encourage you to read it carefully, ask questions when something is unclear, and take pride in the role you play in the lives of those we serve.

Being part of NuLook means committing to integrity, professionalism, and compassion even when the work is challenging. In return, we are committed to providing clear expectations, ongoing support, and a workplace built on respect and accountability.

Thank you for the care you provide, the responsibility you carry, and the standard you help uphold every day. Together, we can continue to build an agency that families trust and employees are proud to represent.

Sincerely,

Timiki Crowder
