Youturn is a registered charity that provides intensive services and supports to youth (aged 12 to 24) with complex needs and their families, helping them in building skills to thrive and reach their full potential.

Youturn addresses challenges related to poverty, violence, mental health, and involvement in the justice system. Using a strength based, trauma-informed approach, we collaborate with families and community partners to provide mental health support, life skill development, education and employment readiness. Our goal is to equip youth with the tools to achieve stability, independence, and meaningful community engagement.

## *In 2024:*

**436** youth received services

**87%** youth aging out of child welfare secured housing, education or employment

**78%** demonstrated a reduced risk to reoffend

# An Event with Heart
