

MEMBER TOOLS & RESOURCES

EASY-TO-USE TECHNOLOGY

NueAccount Smart Mobile App

New and innovative technology makes the NueAccount smart mobile app user experience more convenient while providing easy access to the important information needed to make health care decisions. Free of charge for our members, the smart mobile app provides real-time, secure benefit account access anywhere at any time.

- Account tracking allows up-to-date viewing of balance, claims status, plan details and contributions
- Prescription storing and cost savings opportunities
- Transparency tools to evaluate providers and shop for procedures
- Geotracking to find nearby providers
- Reporting tools to help maximize benefits and potential savings
- Enter and submit claim information - Take a photo of receipt and upload or attach receipt to a card transaction
- Secure account communications
- For iPhone and Android devices

NueSynergy Smart Debit Card

Provides participants a convenient method to access their funds to pay for eligible expenses directly from their designated benefit account, rather than paying out-of-pocket and waiting for reimbursement.

- Easy, immediate, thought-free access to funds with one benefits debit card
- Includes ability to view card authorizations and denials in real-time
- Sophisticated payments rules and highly configurable purse priority settings

Participant Website
