

WEB CIRCLES

We celebrate all our roles as women, and we know these roles are a source of strength for our businesses.

"I'm 3 months into my WEB experience, but already I'm so glad I've joined. I find each meeting a great opportunity to lift my head up and learn from those around me, and I've already discovered several helpful tools + resources that have tangibly helped my business." **Molly M.**

Community

WEB was created to build relationships with women on the same ecommerce journey and create lifelong personal and professional friendships.

Recognize

We recognize that life is full. Balancing a business alongside everything else takes intention and flexibility. WEB Circles are designed to meet you where you are, offering consistent support without overwhelming your schedule.

Celebrate

Let's celebrate the full spectrum of who you are — business owner, mom, partner, friend, and more. Every role you carry adds depth to your perspective and strength to your business. We don't ask you to set any of that aside — we honor it.

Join us as a guest — free!

We meet the 4th Wednesday of every month. Learn more at <https://www.cyndithomason.com/web/>
