

➔ Social Media Posting Service

SalesAutomation.com

How It Works

1

Send Us Your Content

Email us your photos or videos with a short description. Example: "Couple's first dance – highlight the chandelier."

2

We Create & Schedule Posts

Our team formats captions, hashtags, and layouts.  Posts are scheduled to go live on Facebook, Instagram, and Google Business Profile (GBP).  Always scheduled at least one week in advance.

3

You Review (Optional)

You'll receive a weekly preview of upcoming posts.

-  Approve as-is
-  Suggest changes
-  Reject a post

 If we don't hear back within 7 days, the post is auto-approved and will publish on schedule.

4

Consistent Posting, Every Week

Your social channels stay active, polished, and professional. You focus on your business, we handle the posting.

5
