

ACCESS!

GHI 2020, 2021, & Beyond

From Witchcraft to Worship

2020 was a year of the Lord's favor for Aramalai. She used to earn a lot of money through witchcraft in her village. This year she began a relationship with Jesus and made a public profession through baptism. She has nothing else to do with witchcraft. Her family has abandoned her. She stays in the church most of the time. The church takes care of her. Today Aramalia worships Jesus!

Because Everyone Should Have Access to Hear about Jesus!

2020: A Year of Madness & Miracles

India is #2 in the world for Covid19 cases and #3 for Covid19 deaths - which is remarkable since India has 4 times the population of the USA.

When the shut down first happened, hundreds of millions of workers experienced extreme suffering when fired and forced to vacate staff housing. This left entire families with no choice but to travel on foot hundreds of miles back to their villages.

Goldman Sachs reports India's GDP (gross domestic product) was hit by COVID-19 the highest across major economies.

The pandemic has harmed the poor and vulnerable the most, and it is threatening to push millions more into poverty. In 2020, after decades of steady progress in reducing the number of people living on less than \$1.90/day, COVID-19 ushered in the first reversal in the fight against extreme poverty in a generation.

Over 50% of the population is under 24 years old. Suicide is up 67% over 2019. The rates of domestic violence especially crimes against women have increased all over the nation.

But there is good news! In the midst of all this our partners in India are all reporting an increased hunger for God due to Covid. They are saying the spread of the Gospel is increasing due to Covid. Each of our partners are daily praying with people coming for prayer. Through your generosity, Global Hope India was here in 2020 for our partners and will be here in 2021 and beyond to empower the church in India to make Christ known.

Check out specific ways you can join us in praying on pages 4-5.

ACCESS

Did you know that in the USA there is one Christian for every 1.5 people? In India there is only one Christian for every 18,000 people. Your generosity is changing that!

Thank You for Your Prayers & Support!

During 2020 we pivoted from being a "sending organization" to being an "access organization". When we couldn't travel to India we could still provide more access for more people to hear about Jesus. Our three core pillars have always been to empower people to PRAY, GIVE, and GO. This year we have:

- Hosted 78 prayer gatherings
- Produced 104 podcast episodes championing the Great Commission
- Raised and sent over \$500k to the Church in India for their Gospel outreach

And, I also wrote and published *Audacious Generosity* which is already producing fruit to fulfill the Great Commission. We look forward to all our discipleship bearing fruit in the years to come.

No doubt, 2020 was a year of trials and triumphs for us all. Through it all we continue to learn to trust in Jesus.

On behalf of our Board of Directors, THANK YOU for your prayers and support for Global Hope India.

DISCIPLESHIP is our Core!

Biblical discipleship has always been one of our core values! Over the past 10 years, we've discipled hundreds a year through our short-term mission trips and local events. Whether we can travel or not we will use our virtual prayer gatherings, podcast shows, live broadcast events, and books to disciple thousands a year.

Audacious Generosity by Kevin White

Kevin White's new book, *Audacious Generosity*, is available world-wide everywhere books are sold in paperback. It champions God's work in India through Global Hope India. Proceeds benefit GHI.
