# Feeling Young Never Gets Old

## *Control the Way You Age*

Renew is a patent-pending, anti-aging supplement that helps trigger your body's natural human growth hormone (HGH) production and release, so you benefit from:

Deeper, More  
Restorative Sleep

Increased Libido,  
Stamina & Pleasure

Reduced Body Fat &  
Increased Lean Muscle Mass

Youthful-Looking  
Skin & Hair

Improved Mood  
& Energy

Improved Cellular  
Regeneration

At age 30, your body's HGH levels begin to decline and continue to decline by 15 percent for every decade of life, causing various age-related changes. Renew helps combat the decline in HGH levels, so you **feel younger, longer.**

## The *Impact* of HGH

HGH is an essential hormone, and it can affect both men and women's:

Brain Function

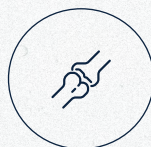

Skin & Hair

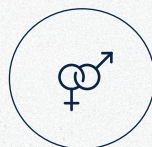

Heart

Body Fat

Bone Density

Sexual Function  
& Libido

Immune  
Function

Sleep
