

SLENDERIIZ[®]

Drops to Drop

Lose Weight
2x Faster*

*In a study, subjects using Slenderiiz[®] products lost more than twice as much weight as subjects who did not use Slenderiiz products. All participants limited daily food intake to 1,250 calories. Individual results vary.

Proven Weight Loss

The Slenderiiz® Program is the only healthy and natural program proven to help you lose weight 2x faster* than with diet and exercise alone. It's a weight loss plan that guarantees results — or your money back!*** The Slenderiiz Program is more than just weight loss, it's an easy-to-follow path developed in partnership with medical doctors, scientists, wellness experts and athletes to truly transform your mind and body. Now, let's get started on your wellness transformation.

*In a study, subjects using Slenderiiz products lost more than twice as much weight as subjects who did not use Slenderiiz products. All participants limited daily food intake to 1,250 calories. Individual results vary.

**Subject to Partner.Co Terms and Conditions, Partner.Co products are backed by a 30-day money-back guarantee. Please visit partner.co/return-policy for more details.

Reset. Burn Fat. Maintain.

The Slenderiiz Program is simple. There are just three steps to help you win at weight loss.

1

Reset

Reset your mindset and set yourself up for success with a little prep. Begin by changing your diet to just consist of Slenderiiz Approved Foods. That means eliminating fast food and junk food from meals, plus conducting a kitchen cleanse of processed foods. Incorporate the recommended products into your routine for optimal support, and aim to drink 8 fl oz of water, 8-10x daily. These steps will pave the way for your healthier lifestyle.

- Eat from the Slenderiiz Approved Food List
- Stop eating fast food and junk food
- Remove processed food from your kitchen
- Drink 8 fl oz of water, 8-10x daily

2

Burn Fat

After your Reset, keep sticking to the Slenderiiz Approved Food List, plus make sure to incorporate our recommended supplements, so your body is getting everything it needs for optimal performance. Staying hydrated is also important; drink 8 fl. oz of water, 8-10x daily. And unlike the first phase, you're going to add in movement! Try to get in 15-30 minutes of exercise per day. This will help you burn fat!

- Eat only from the Slenderiiz Approved Food List
- Drink 8 fl oz of water, 8-10x daily
- Move 15-30 minutes daily

3

Maintain

To maintain all your hard work, we have a few recommendations. Continue to prioritize the Slenderiiz Approved Food List. Keep up your supplement routine, daily exercise and hydration. All of these steps will help ensure the longevity of your success! After all, it's not just about losing the weight, it's about losing the lifestyle and mindset that got you there.

- Eat from the Slenderiiz Approved Food List
- Drink 8 fl oz of water, 8-10x daily
- Move 15-30 minutes daily
- Avoid processed foods

Real People, Real Results

The proof is in the pics.

The Slenderiiz Program helps you take in fewer calories than you burn via calorie-restricted eating, healthier food choices and increased physical activity. You can expect to lose up to 12 pounds in a month depending on a number of factors.†

Before you get started, take your “Before” picture and start tracking your measurements:

Date	_____	_____	_____	_____
Weight	_____	_____	_____	_____
Neck	_____	_____	_____	_____
Chest	_____	_____	_____	_____
Bicep	_____	_____	_____	_____
Waist	_____	_____	_____	_____
Hips	_____	_____	_____	_____

1 Reset

Begin your wellness journey by hitting the “Reset” button. Whether you’re coming off a food-filled holiday season or simply have strayed from eating healthy, the Reset phase helps you kickstart healthy habits so you start burning fat.

Eat right

Eat three regular, healthy meals with foods from the Slenderiiz Approved Food List. All the foods on the Approved Food List are delicious and nutritious and more importantly low glycemic, meaning they will help keep your blood sugar levels even.

Cut out fast food and junk food

Processed foods will minimize your fat loss by spiking blood sugar and increasing inflammation.

Remove temptation

Avoid temptation by clearing your cupboards and pantries of candy, canned soups, cookies, high-sodium frozen foods, pastries, potato chips, processed meats and soda.

Hydrate

Drink eight fl oz of purified water, 8-10x daily. Providing your body with plenty of purified water allows your body to remove toxins and flush them away as you begin to burn up fat stores.

Pro Tip

Your highest-calorie meal should be breakfast and your lowest-calorie meal should be dinner. This practice allows your body time to digest and burn off calories before resting in the evening.

Help your gut

Start taking Probiotiix™ daily as directed. Changes in diet can lead to changes in your gut. Probiotiix can help reduce bloating and reduce digestive issues.

Detox

Start taking Restoriix daily, as directed. Restoriix is designed to help safely remove the toxins and heavy metals that can be released as you lose weight.

Drops to drop

Start taking Slenderiix™ and Xceler8™ Drops daily, as directed. Slenderiix is a homeopathic formula designed to curb hunger and assist the release of fatty deposits. Xceler8 helps increase metabolic rate, enhance energy levels and stabilize mood using a proprietary combination of methylcobalamin (a form of vitamin B12), biotin and a blend of adaptogenic herbs.

② Burn Fat

A modest aerobic exercise program is good for your health. Start walking, hiking, swimming, jogging, biking, etc, for **15-30 minutes per day, five times per week.**

If you've not been getting much exercise prior to this program, it's important to begin slowly, building up to the recommended amount of exercise over the next few weeks.

Remember, muscle weighs more than fat but it takes up less space. When you increase exercise, you lose fat and gain muscle, which slows the appearance of your weight loss on the scale. Tracking your inches can help you see the difference!

SLENDERIIZ

Approved Food List

Focus on fresh, organic foods to help you avoid sodium, unhealthy fats and processed foods that will spike your blood sugar, cause inflammation and slow down your weight loss.

Portion Sizes

Fruit = Palm

Protein = Palm

Fat = Thumb

Vegetables = 2 Fists

Carbohydrates = Tennis Ball

Palm = 3 oz.

Thumb = 1 oz.

Fist = 1 c.

Tennis Ball = 1/2 c.

SLENDERIIZ

Approved Food List

SLENDERIIZ

PROTEIN Animal-based

Garlic
Ginger
Lemongrass
Makrut Lime Leaves
Mint
Oregano
Nutritional Yeast
Paprika
Parsley
Rosemary
Sage
Saffron
Tarragon
Thyme
Turmeric
Vanilla Bean
(not essence with an alcohol base)

SPICES

Best choices: salt-free and sugar-free spices

Apple Cider Vinegar

Balsamic Vinegar

Black/Pink Pepper

Cayenne

Cumin

Curry Powder (all varieties, but check for no sugar)

Dulse Flakes

Garlic

Kelp Flakes

Lemon

Lime

Mustard

Onion Powder

Sea Salt

Turmeric

SWEETENERS

Liquid Stevia Drops/Powder
(should not contain maltodextrin)

Monk Fruit

AVOID

barley, bread, cereals, chemical sugar replacements chips, chocolate, commercial dairy products, couscous, flour, iodized table salt, jam, pasta, potatoes, pretzels, processed meats, rice, roasted/salted nuts, sodium-rich foods (i.e., canned soups), trans fats, vegetable oils

Sample Daily Menu

Simplify your meal routine with this easy-to-use menu that will help you stress less and lose more.

Breakfast

2 protein portions
1 fruit portion

Snack

1 fruit portion
½ avocado or
½ cup of nuts

Lunch

1 protein portion
2 vegetable portions
1 healthy fat portion

Snack

(no fruit after 1 p.m.)
1 vegetable portion
1 healthy fat portion

Dinner

1 protein portion
2 vegetable portions
1 healthy fat portion

Snack

1 protein portion

Pro tip

Consume a minimum of 1,200 calories a day. If you are exercising, replace the calories burned if daily calories drop below 1,200. Eat 80 g of protein a day. Stick to green vegetables as much as possible. Use oil, avocado or nuts as the fat.

③ Maintain

Congratulations! Reaching your weight loss or fitness goals means you've mastered a set of skills. Essentially, you've built wellness habits and practices. Now the game changes to maintenance.

Continue healthy habits

- Eat from the Approved Food List
- Move daily
- Drink 8 fl oz of purified water, 8-10x daily
- Celebrate regularly

Avoid

Stay wary of processed foods. Processing often strips food of beneficial fiber and vitamins and processed food typically has high fat, salt and sugar. It's called "junk" food for a reason.

Pro tip If you find yourself hitting a plateau after six months of beginning the program and you've stopped losing weight before you've reached your goal, it's recommended you discontinue taking Slenderix drops for one month. Continue taking Xceler8 drops and consider adding Rejuvenix with breakfast. This will jumpstart your body, allowing further weight loss.

Products With A Purpose

In each phase, there are key Partner.Co products that will not only support your weight loss, but the factors that impact it, such as optimal cellular nutrition, body fat stores and hormone balance, energy elevation and blood sugar levels. Here's how you can benefit the most from our supplements.

1 | Reset

Slenderiix
Fights hunger and helps eliminate fat

3x Per Day
Directions: 10 minutes before each meal, hold under tongue for 30 seconds

Supports the cardiovascular system and brain health

2x Per Day
Directions: Take 1 softgel twice daily, preferably with meals

Impact of Blood Sugar and Hormones

The Slenderiiz Program helps maintain blood sugar levels and balances hormones — such as insulin, leptin, ghrelin and cortisol — so you can reach your wellness goals.

The Perfect Duo for Weight Loss

Over
1 Million
Bottles Sold

Slenderiix

Kill Your Cravings

- Homeopathic formula
- Helps reduce hunger and control appetite so you feel in control
- Eliminates fat stores so you experience more inches lost

How to use:

Fill the dropper with 0.7 mL (approximately 15 drops) and squeeze the solution under your tongue. Wait 30 seconds and then swallow. Do this three times daily before meals. Make sure you take Slenderiix on an empty stomach and do not eat for at least 10 minutes before or after swallowing the drops.

Xceler8

Boost Your Metabolism

- Proprietary combination of methylcobalamin (vitamin B12), biotin (vitamin H) and a blend of adaptogenic herbs that help with weight loss
- Enhances energy levels so you can move more while you eat less
- Helps stabilize stress response and mood so you don't seek comfort food

How to use:

10 minutes after taking Slenderiix drops, shake the bottle of Xceler8 and fill the dropper with 1 mL of solution. Squeeze it under your tongue and wait 30 seconds before swallowing. Take Xceler8 with breakfast and lunch. Meals can be eaten immediately after taking Xceler8.

Hormone Free
SLENDERIIX
HOMEOPATHIC WEIGHT
MANAGEMENT FORMULA
1 Bottle

Purpose: Helps to temporarily reduce minor hunger pangs and control appetite to support weight loss efforts.
