

1. From the home page press "Wallets"

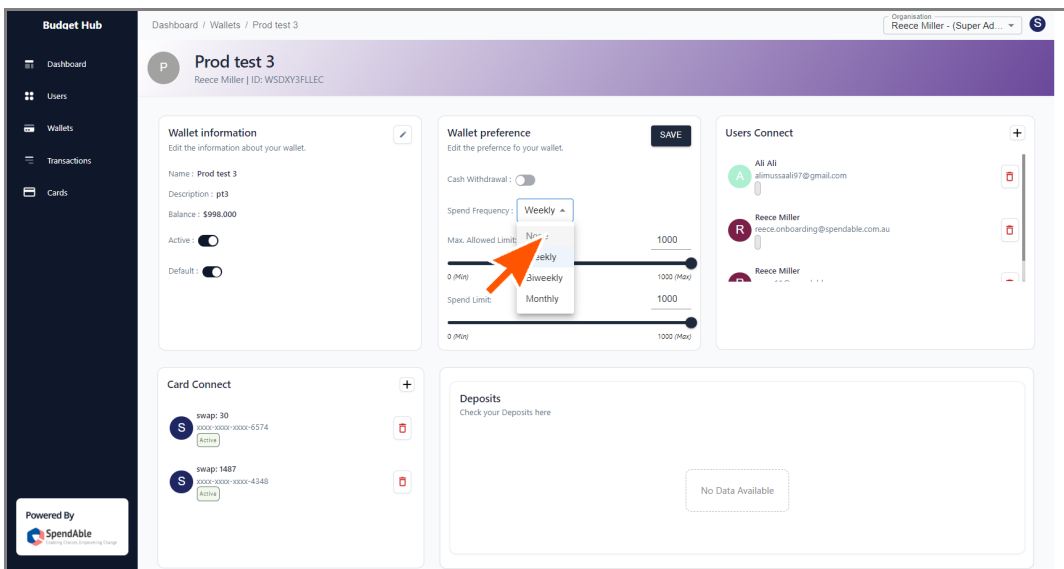

2. Find the wallet you want to apply a limit to and press the pencil button

3.  
Press the pencil button for "Wallet Preference"

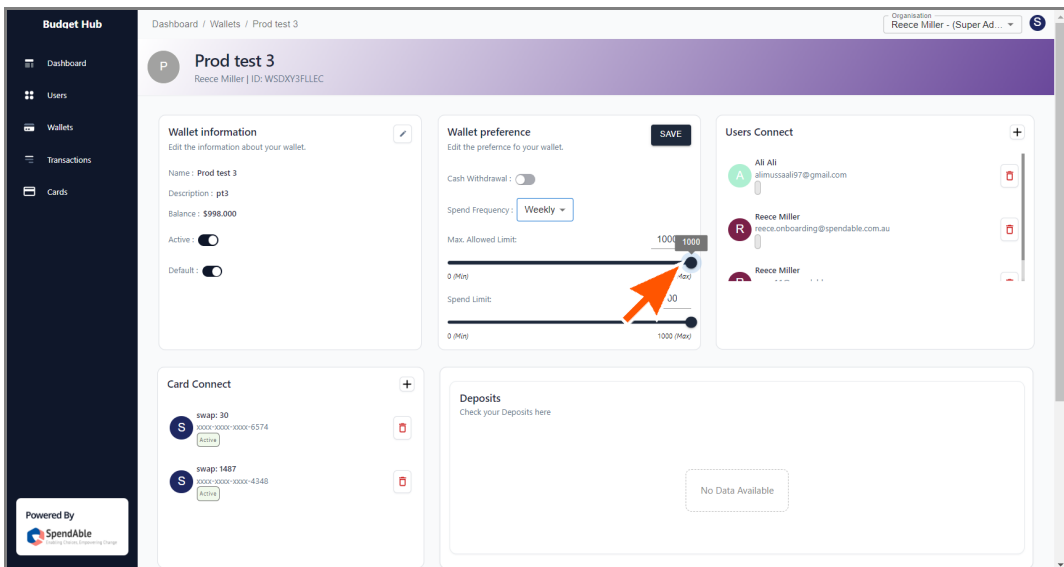

4.  
From here you can edit:  
- If cash can be withdrawn  
- A Maximum amount for a week/fortnight/month  
- A maximum amount for any single transaction

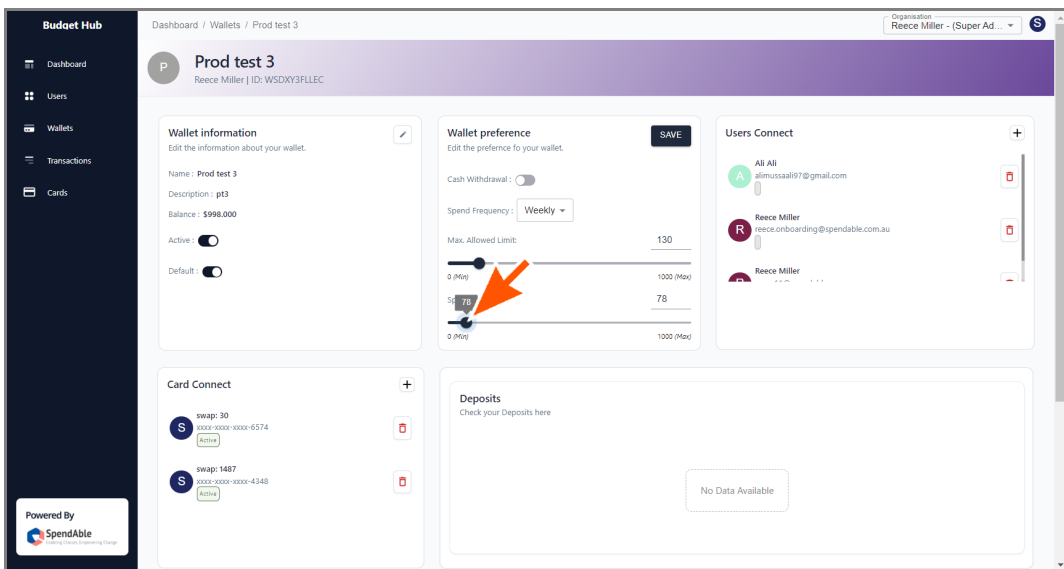

5.

Select your frequency for how long you want the limit to be in place before it begins again

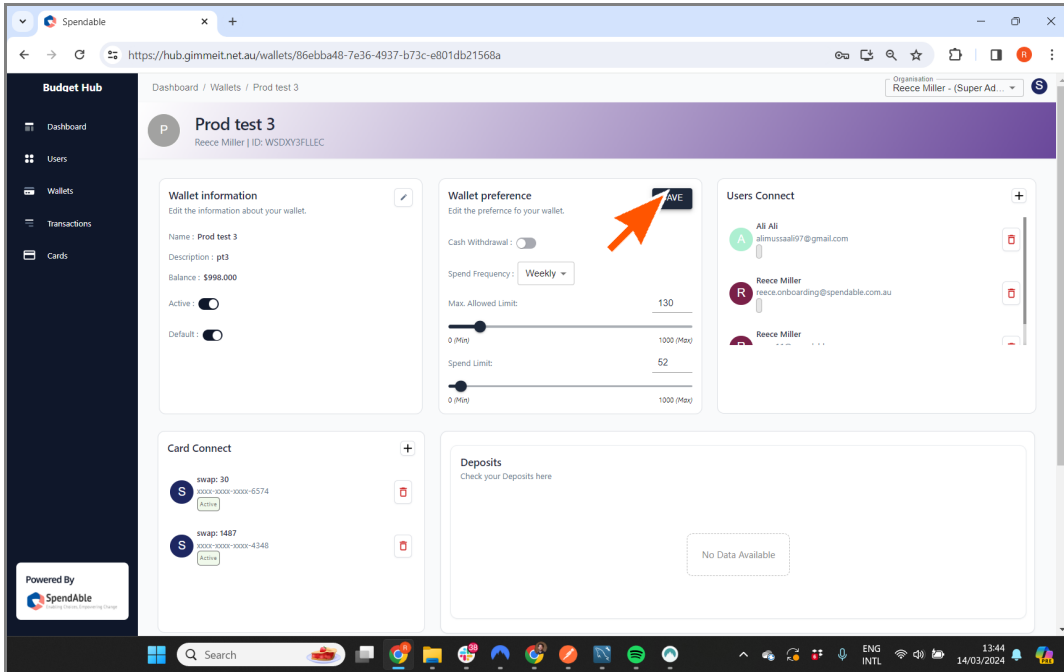

6.

Drag the slider or type in the box the amount of money you want to limit for that time period (week/fortnight/month)

7.

If you want to have a maximum transaction amount (e.g No transaction over \$50) you can slide the Spend Limit slider down or type in your desired amount in the box on the right.

8.

Click the 'SAVE' button to lock in those preferences
