The new ICON Class ship is impressive!

Star of the Seas will depart Port Canaveral, FL as the second Icon Class ship, which means this cruise ship will have a stunning new design, size, and look.

We have a group rate on November 9, 2025 for 7 nights that comes with a refundable deposit.

You'll travel to Perfect Day at Cococay, Cozumel, Honduras and Costa Maya.

You can spend hours exploring each of the eight neighborhoods aboard the ship. The open-air Central Park is a lush oasis with live plant walls, plenty of restaurants and bars to dine at including a walk-up champagne bar and an eight-course dining experience at Empire Supper Club. You can even let loose and sway along to live music at Lou's Jazz 'n Blues.

The Royal Promenade boasts stunning ocean views through the first floor-to-ceiling window features. The neighborhood also offers more than 15 dining options. Additional restaurants, bars and cafes can be found at the AquaDome which has a 55-foot waterfall display as well as panoramic views of the ocean.

The stunning Hideaway area offers a suspended infinity pool overlooking the sea, while Chill Island features the most expansive pool at sea at 5,813 sq. ft. The neighborhood also includes a swim-up bar, Swim & Tonic and more.

For adventurers, Thrill Island is where you'll find daring excursions like the free-fall Pressure Drop slide, FlowRider surf simulator and rock climbing. Thrill-seekers can challenge themselves at Crown's Edge where they'll be suspended 154 feet above sea level.
