

SELL NOW MOVE LATER.

WHICH COMES FIRST? BUYING OR SELLING A HOME?

Our team eliminates the stress of buying and selling in today's market by giving you **flexibility while finding your next home!** We will purchase your current house so you can use that equity in the purchase of your next home. Additionally, you are able to live in that property until you find the perfect place to call home, removing the pressure of having to find your next home before you close on your sale.

UNCERTAINTY

Eliminates the fear of not being able to find your next home in the tight deadline.

POWER

When we buy your home, we pay off the mortgage which **unleashes your buying power.**

SIMPLICITY

Ultimate **freedom and flexibility** provided by leasing your home back until we help you find your next home.

We are also partnered with Knock, which provides the option to sell your house before you buy your next. They will lend you the money you need to make non-contingent offers on homes that are as competitive as cash. Once you secure your dream home, you will be able to earn top dollar on your current property while already having your next locked down.

If you want to take advantage of the current market, with freedom and flexibility in your home search, call us today to explore your options!
