

Igniting the Sacred Fire Within:

A Journey of Alchemy on
Mary Magdalene's Way
of Love

Join us as we travel along the path
Mary Magdalene walked in the South
of France, exploring in innocence
and wonder her Way of radical Love,
allowing her to guide us into
discovering how it feels to **embrace
and express our most authentic,
passionate, and Divine selves.**

Daily Gatherings: Our intimate group
will create a powerful, sacred container
in which to play, explore, and discover.

Sacred Spaces: We'll journey together
into mystical nature and sites that vibrate
the frequency of Magdalene's powerful,
loving presence.

Living Practices: LovesBreath, chanting,
prayer, Radical Inquiry, dance, silence ...
we'll guide and hold you in it all.

What **transformations** and **healings**
may occur if we fully allow the Divine
Union of the frequencies of Mary
Magdalene to be seeded within us?

OCTOBER

2025

During our 12 days in Provence, we will **explore and practice the very steppingstones Mary Magdalene and Jeshua ben Joseph lived and taught,** steppingstones of the Christ Lineage, designed to help us remember our true Purpose as vessels for the Light of God / Mystery to pour forth.
