

THE POWER OF POWDER COATING

Giving your products the exact finish they need.

BLACK

OLYMPIA
CHIMNEY & VENTING

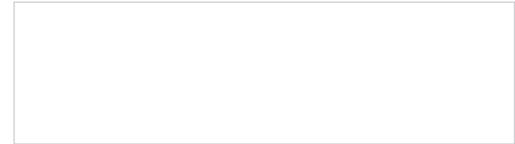

- Since 2013, Olympia has been setting powder coating industry standards in quality and service.
- Powder coating is the process of coating metal with a plastic finish applied in powder form, then baked in a fluid state to bond it to the metal surface.
- More resistant to cracking, peeling, chipping, scratching, rust and other wear.
- Provides superior color retention.

Distributed exclusively through Copperfield.

Copperfield | 800-247-3305 | copperfield.com

Available in 10 different colors on all chimney caps, chase covers, Ventis CLASS A, Ventis Direct Vent, & Ventis Direct Vent Pellet chimney systems.
