App Permissions in Client Portal: Enabling/Disabling a child app

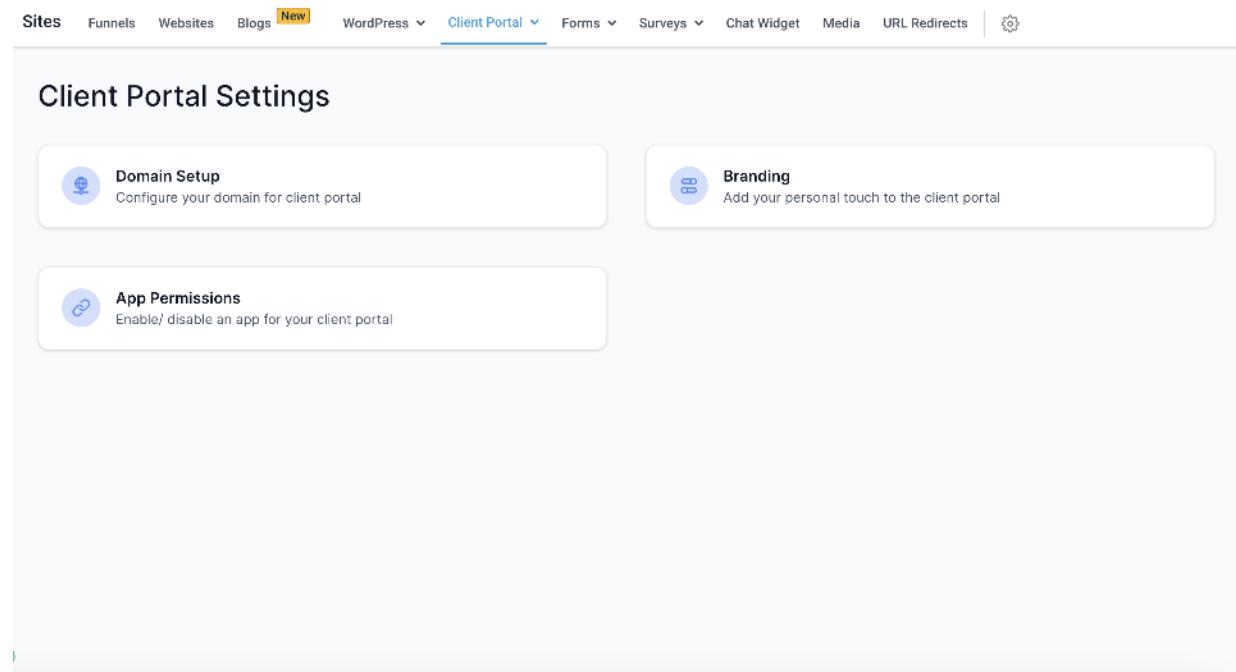

We are excited to introduce a new level of customization and control within the client portal through our latest feature: App Permissions. This update allows users to tailor their app permissions according to their specific needs and preferences, including the ability to choose their default page upon logging in.

How to Customise App Permissions

Accessing App Permissions

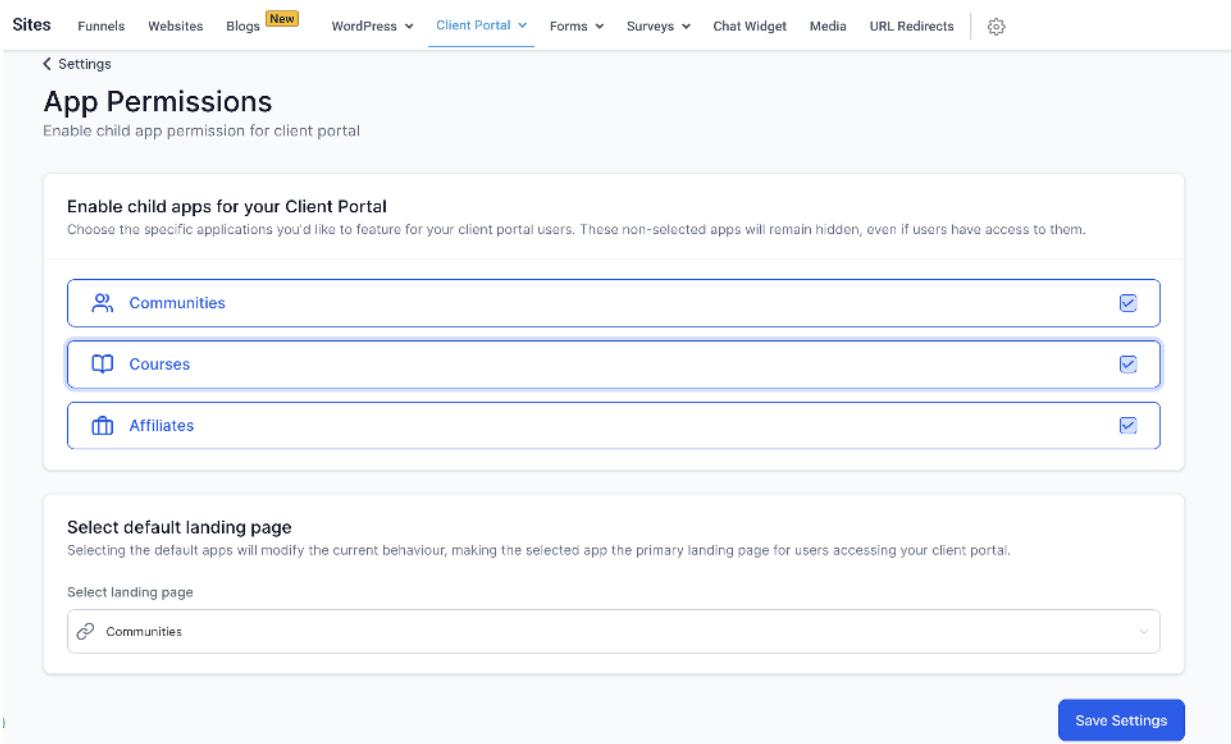

The screenshot shows the 'Client Portal Settings' page. At the top, there is a navigation bar with various options: 'Sites', 'Funnels', 'Websites', 'Blogs', 'New', 'WordPress', 'Client Portal' (which is underlined in blue), 'Forms', 'Surveys', 'Chat Widget', 'Media', and 'URL Redirects'. Below the navigation bar, the page title is 'Client Portal Settings'. There are three main sections in a grid format:

- Domain Setup**: Configure your domain for client portal.
- Branding**: Add your personal touch to the client portal.
- App Permissions**: Enable/ disable an app for your client portal.

- **Navigate to Client Portal Settings:** Log into your client portal and locate the settings menu. Here, you will find a new option titled "App Permissions."
- **Select "App Permissions":** Click on this option to view and modify your app permissions.

Enabling/Disabling Apps

- **Review Available Apps:** Within the App Permissions section, you'll see a list of all available apps and features associated with your portal.
- **Toggle Permissions:** Use the toggle switch next to each app to enable or disable it. Disabling an app will remove its functionality and visibility from your client portal interface.

The screenshot shows the 'App Permissions' section of the Client Portal settings. At the top, there is a header with tabs for 'Sites', 'Funnels', 'Websites', 'Blogs', 'WordPress', 'Client Portal' (which is selected and highlighted in blue), 'Forms', 'Surveys', 'Chat Widget', 'Media', and 'URL Redirects'. Below the header, there is a sub-header 'Settings' with a back arrow. The main section is titled 'App Permissions' and has a subtitle 'Enable child app permission for client portal'. It contains a sub-section 'Enable child apps for your Client Portal' with a description: 'Choose the specific applications you'd like to feature for your client portal users. These non-selected apps will remain hidden, even if users have access to them.' Below this, there are three items in a list: 'Communities' (with a person icon), 'Courses' (with a book icon), and 'Affiliates' (with a briefcase icon), each with a checked checkbox to its right. Below this list is another sub-section 'Select default landing page' with a description: 'Selecting the default apps will modify the current behaviour, making the selected app the primary landing page for users accessing your client portal.' A dropdown menu labeled 'Select landing page' shows 'Communities' as the current selection. At the bottom right of the page is a blue 'Save Settings' button.

Setting Your Default Page

- **Find the Default Page Option:** Within the same App Permissions area, look for the option to select your default page.
- **Choose Your Preferred Page:** From the dropdown menu, select the page you wish your users to see immediately upon logging into the client portal.

FAQ

Q: Can I change my default page later? A: Absolutely. You can revisit the App Permissions settings at any time to adjust your default page or make other modifications to your app permissions.

App Permissions in Client Portal: Enabling/Disabling a child app

Q: What happens if I disable a feature I frequently use by accident? A: If you disable a feature accidentally, you can easily re-enable it by going back to the App Permissions settings and toggling the feature back on.

Whatever you do, let these verses inspire you to carry out all your tasks with dedication, excellence, and a sincere heart aimed at honoring God.

Colossians 3:23-24 "Whatever you do, work at it with all your heart, as working for the Lord, not for human masters, since you know that you will receive an inheritance from the Lord as a reward. It is the Lord Christ you are serving."

Proverbs 16:3 "Commit to the Lord whatever you do, and he will establish your plans."

Ephesians 6:7-8 "Serve wholeheartedly, as if you were serving the Lord, not people, because you know that the Lord will reward each one for whatever good they do, whether they are slave or free."

Galatians 6:9 "Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up."
