How to Add a Domain and Verify DNS Records

How to Add a Domain and Verify DNS Record Print

Verifying your domain is really important before you start sending emails. We ask everyone to do this to track opens and clicks, stop spam, and make sure only you and your team can send emails from your domain.

Step 1: Add Your Domain

- **Once you are in the Sub-account > Click on Settings > Email Services > Dedicated Domain and IP > + Add Domain.**
- **Enter the domain you want to use in the "Enter domain name" field, then click "Add & Verify."**

> Please note: We recommend using a subdomain for better email deliverability.

Step 2: Verify Your Domain

Here are two options for you: Connect through your DNS provider or Set up manually.
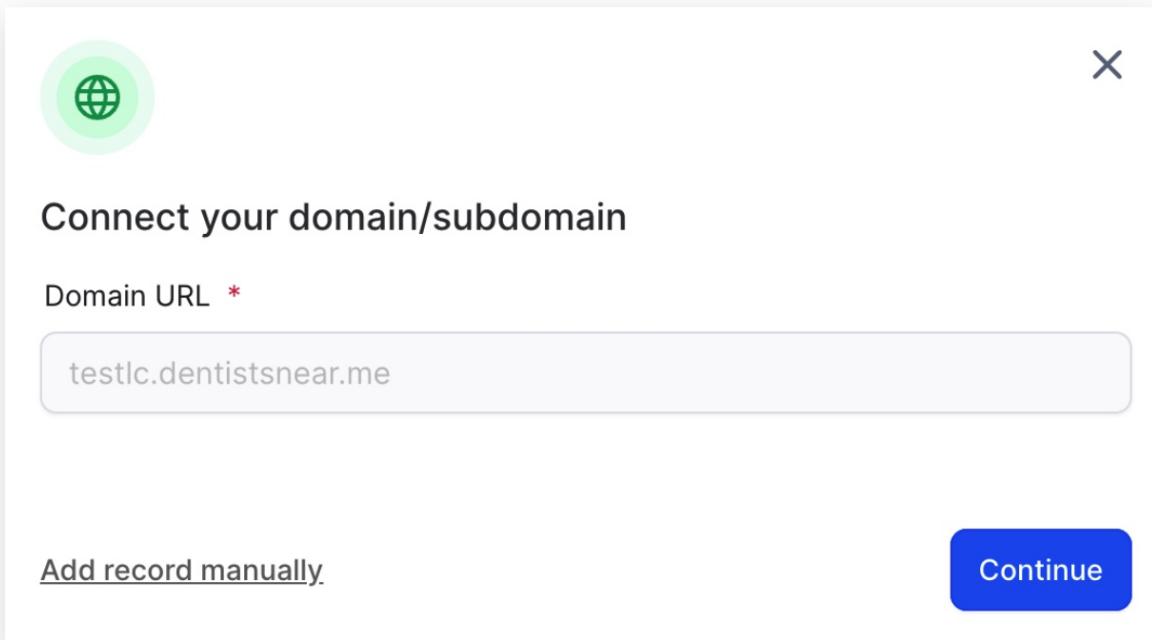

Your domain provider is

CLOUDFLARE

Find out what records will be added >

Back   Authorize domain

← Back to Dedicated Domains

Apply and Verify Your testlc.dentistsnear.me domain

Go to the DNS provider that you use and add the following DNS records.

Type	Priority	Hostname	Values to be entered	Status	
TXT		k1._domainkey.testlc	k=rsa; p=MIGfNm0i2C5gED6k3DQEBAKQxAAA2N50CBGX0Bg0DfyhxrtZ3xwCAAtN0a0zrhz0y1jLNCw2M3M0K0HPv0Hg56eo60kxf40tEST72pb6DHB4txDtFG1Fixrip3iX0kna2a9yB5hZt7weifPzaD90PV3kLDGt9ncgYldSQGD0DWhxxrtFzPx4tt9timtifRade0R7wQpvH0DPC09X0K9sDfTSqw40AQA0	Verified	Copy
TXT		testlc	v=spf1 include:mailgun.org ~all	Verified	Copy
CNAME		email.testlc	mailgun.org	Verified	Copy
MX	10	testlc	mxa.mailgun.org	Verified	Copy
MX	10	testlc	mxb.mailgun.org	Verified	Copy
TXT		_dmarc.testlc	v=DMARC1;p=none; ⓘ	Verified	Copy

Option 1: Connect Your domain(Auto Configure DNS)

This is the easiest method to verify and authenticate your domain. It uses our built-in connection with many top DNS providers to automatically set up DNS records. This way, you can verify and authenticate your domain in just one simple process.

- 1. Click "Continue" on the next modal.

  Our system will detect your DNS provider and then guide you directly to their platform.

  > **Note: The "Configure Domain" option may not be compatible with all DNS providers. If c**

  The example below shows the DNS provider is Cloudflare. To move forward, you will need to have the credentials to log into your DNS provider.
  Click "Authorize domain" on the next modal.

  Login to your DNS provider. This will look slightly different for each provider. This example is
  Cloudflare

  . The login method will also be slightly different for each DNS provider.
  The DNS provider in question may ask you to enter a confirmation code emailed or texted to you.

  Click "Authorize" on the Cloudflare page.

2. You will redirected to the domain verification page.

   > Note: It might take anywhere from 1 to 10 minutes for DNS changes to spread across the internet. Typically, it happens faster, l
   >
   > DMARC: If you've already added the policy to your root domain, you can skip adding the DMARC record for the sub-doma

   If everything is set right you'll see a Verified status like this:

- ## Option 2: Set Up Manually

- 1. Once you've added the domain, if our system couldn't identify your provider, the records will be displayed for you to see.Most DNS providers will typically require the following information to set up your DNS records:

Root domain example:

Type	Choose the for each row: TXT, CNAME and MX
Name or Host name	Copy and paste the "Name" for each DNS record as follows: Use "@" if your DNS was not verified. Remove the "@" and add your root domain name instead. Example: if your domain name is "yourdomain.com", replace "@" with "yourdomain.com".
Value or Record	Copy and paste the "Value" shown for each DNS record.
TTL	5 minutes

Sub-domain example:

Type	Choose the for each row: TXT, CNAME and MX

Build God's House with Excellence

Whatever you do, let these verses inspire you to carry out all your tasks with dedication, excellence, and a sincere heart aimed at honoring God.

Colossians 3:23-24 "Whatever you do, work at it with all your heart, as working for the Lord, not for human masters, since you know that you will receive an inheritance from the Lord as a reward. It is the Lord Christ you are serving."

Proverbs 16:3 "Commit to the Lord whatever you do, and he will establish your plans."

Ephesians 6:7-8 "Serve wholeheartedly, as if you were serving the Lord, not people, because you know that the Lord will reward each one for whatever good they do, whether they are slave or free."

Galatians 6:9 "Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up."
