Where Do Form Responses Show Up?

Forms will help you capture information about contacts that fill out and submit the form. In order to view this information, start by navigating to "Sites" > "Forms" (at the top of the screen) > "Submissions" where, you will be able to filter or search through form submissions and view the information that was provided on a particular form submission.

The screenshot shows the Agency software interface. On the left is a dark sidebar with various menu items: Launchpad, Dashboard, Conversations, Calendars, Contacts, Opportunities, Payments, Marketing, Automation, **Sites** (which is highlighted with a red box), Memberships, Reputation, Reporting, App Marketplace, and Settings. At the top, there is a header with the Agency logo, a search bar, and navigation links for Funnels, Websites, Blogs (with a 'New' badge), WordPress, Client Portal, Forms (which is the active tab, indicated by a blue underline), Surveys, Chat Widget, Media, and URL. The main content area is titled 'Forms' and contains a sub-header: 'Enhance reach with unlimited forms, no coding. Gather essential info for targeted, personalized content.' Below this is a table titled 'Home' showing a list of forms with their names and last update dates:
