FACILITATOR TRAINING PROGRAM

The Evolution of Train-the-Trainer has arrived !!

**Early Bird Investment
19,900 THB**

WHAT IS THE FACILITATOR TRAINING PROGRAM

The Facilitator Training Program is the *EVOLUTION* of your typical Train-the-Trainer Program. During this 2 day workshop, you'll discover all the fundamentals of a Train-the-Trainer type Program (presentation skills, presentation structure, body language, tonality, influencing skills, etc), and, you'll discover the advanced skills of world-class **Facilitation**. Put simply, ***Facilitation is professionally guiding your audience towards expected outcomes***. This means knowing your audience, getting clear on their expectations, and being flexible and agile enough to guide the process to its successful conclusion.

WHY IS THE FACILITATOR TRAINING PROGRAM IMPORTANT?

If we're honest, most regular training programs are 'boring'. For this reason, Trainers need to evolve more into a Facilitator role, in order that they can effectively adapt to the ***needs of the audience***. Whether it's a small group of 3-4, or massive groups of 300+, if you are presenting information, data, or knowledge, you **MUST** be able to ***engage any audience!*** This program is designed to provide you with a comprehensive understanding and framework of the facilitation process, along with best practices for guiding groups through a structured process of knowledge sharing, discussion, problem-solving, and decision-making. This makes this workshop perfect for Leaders who wish to facilitate their own in-house Strategic Planning sessions and KPI development.

This workshop covers the essentials needed to be a great Trainer AND the practical flexibility & agility required to be a world-class Facilitator.
