*New year? Volunteer!*

*Looking to volunteer in the new year? Volunteers play a pivotal role in providing the best possible experience for our animals.*

*You can choose from a few different volunteer areas suitable for varying skills, ages, and physical abilities:*

- Dog walking*
- Canine courtyard*
- Reading or playing music to the dogs*
- Cat socialization & enrichment*
- Cleaning/laundry & maintenance*
- Public outreach events*
- Fostering*
- Fundraising & administrative support*

Reading or playing music for the dogs and cat socialization are options that anyone can do, while more physical volunteer roles include courtyard and dog walking. Dog walking is a crucial part in getting dogs adopted and the area where we always need volunteers the most. We tailor a list of dogs for each volunteer depending on their strength and experience.

Do you love to clean? Help us with our laundry to ensure our animals have comfortable, clean blankets and towels. Love striking up conversations? Volunteer at our community fundraisers and adoption events and talk to members of the public while showing off an adoptable animal. Want to stay at home? Fostering is a great option to provide care for an animal off-site. We need medical fosters, puppy/kitten litter fosters, and fosters for those animals unable to thrive in the shelter environment.

Volunteering not only benefits our animals but is a very rewarding experience. Many volunteers share happy tales of seeing changes for the better in timid and traumatized animals.

Volunteering also builds a sense of community with other humans! Volunteering is a great way to make lasting friendships with other animal lovers.

We're flexible with our time commitment. If you're able to spend just a couple hours a week with us, we can find a role that fits. Apply at the link below.
