

M.O.mentum Coaching Program

Designed with Medical
Officers in Mind!

The Complexity of Leading Health Services

Are you a **Senior Medical Officer**, in a medical administration role or aspire to be, maybe even studying for your FRCMA?

You may be feeling the challenge of suddenly needing to manage budgets, workforce and strategy across several services

The **M.O.mentum Coaching Program** will enable you to develop a forward-thinking vision for world-class research or clinical services giving you clarity through the chaos. If this is you! Then this program is the ideal fit for you to help you become a more confident leader!

Transformative

The Momentum Program provides a transformative 3-month coaching journey, designed to help you craft a compelling vision, strategically structure your approach, and take consistent daily actions to realise the healthcare services you aspire to achieve.

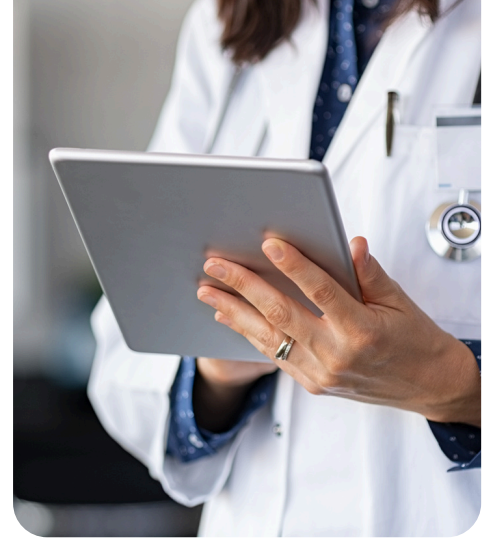

Healthy Habits

Develop **high performing** leadership skills and cultivate healthy habits, in a safe environment, to sustain momentum and boost productivity, all while empowering you and your teams to achieve success and excellence

Building Trust Through Integrity

I offer you 13 years of leadership experience in health across two countries; I am a Certified Health Executive and a Fellow of the Australasian College of Health Service Management. I am also an active member of the International Federation of Coaches.

I am confident that our partnership will enable you to excel, achieve your goals, and feel more confident and empowered in your role.

Discover the Power of Partnership
