About Me

Dana is founder and CEO of D-Lux Medspa in Naples, Florida. She has been a PA for over 30 years. Dana has trained with renowned aesthetic injectors and grown her practice from 300k revenue to 3M in 6 years.

She is passionate about training, speaking, and sharing her knowledge. She wants to elevate the industry through safe and effective treatments. In her practice, Dana loves helping her patients achieve their aesthetic goals. A natural looking beautiful result is always the desired outcome. Her unique approach uses different dilutions of neurotoxins, bio-stimulatory injectables, combined with lasers to customize results.

Testimonials

My training with Dana was one of the best ones I have had. She explained things very well, and made it easy to learn. She also made me feel very comfortable which gave me more confidence when injecting. I look forward to training with her again!
