

Amount 10 ml

# Anti-Age

IV Nutrient Therapy

This formula delivers high-dose NAD<sup>+</sup>, antioxidants, and peptide regenerators that specifically target the mitochondria, the cell's core energy source.

By reactivating repair mechanisms and supporting healthy metabolism, it helps regenerate and revitalize cells, organs, and entire body systems.

## This Formula Includes:

- Essential amino acids
- Non-essential amino acids
- Vitamin A
- Vitamin B
- Vitamin C (high dose)
- Alpha-lipoic acid
- L-Glutathione
- NAD (high dose)
- Folic Acid, Iron
- Chromium, Zinc
- Dexpanthenol
- Thiamine
- Pyridoxine,
- Acetylcysteine
- Selenium
- Silicon, Leucine
- Methylcobalamin
- Mineral Mix
