

AI-Video Accelerator System

Hyper-Personalized Sales Videos to Scale Your Appointments and Unlock Massive Growth

Ideal for established B2B coaches, consultants, agencies, and service providers with proven offers and existing marketing materials who are ready to dramatically scale their client acquisition.

Leverage cutting-edge AI to create hyper-personalized, high-converting sales video messages at scale. Our comprehensive service handles lead sourcing, engagement, and appointment setting, guiding prospects through your sales funnel with tailored video content. We craft and automate AI-powered campaigns to connect with decision-makers and set quality appointments for you and your sales team.

STEP 1: LEAD CURATION

Every lead is carefully curated, verified, niche-specific, and includes:

- Decision maker contact
- Company name & website
- LinkedIn URL
- Verified Email (when available)
- Phone number (when available)

STEP 2: DEPLOYMENT TO CRM

All your leads will be imported into our proprietary CRM software so you can stay highly informed and organized:

- CRM Software access for your sales team and account managers
- Full-stack digital marketing software to handle the vast majority of your marketing needs

STEP 3: HYPER-PERSONALIZED AI VIDEOS

Our AI creates tailored videos & landing pages for each prospect:

- Personalized AI videos at scale
- Custom AI Landing Pages
- AI script generation
- AI voice cloning
- AI-personalized visual elements

STEP 4: LEAD WARMUP & APPOINTMENT SETTING

Multi-channel outreach to set appointments for your sales team:

- Email campaigns deployed with embedded AI videos
- LinkedIn connection requests & messages
- Appointments booked straight into your calendar
