

## SSR PRINT DRYING SCREENS

PRINT DRYING SCREENS ARE ESSENTIAL FOR STUDENTS TO FINISH THE PRINT MAKING PROCESS WITHIN AN ALLOTTED TIME. THESE PRINT DRYING SCREENS ARE EITHER LOCATED AT AN ENLARGER STATION OR IN A CABINET UNDER A COUNTER TOP IN A GENERAL PRINT FINISHING AREA. TO SAVE SPACE, SOMETIMES SCREENS ARE LOCATED IN TALL CABINETS.

THESE SCREENS ARE MADE OF STRONG PLASTIC SCREEN MATERIAL PERMANENTLY SECURED IN A BIRCH PLYWOOD FRAME WITH A NAUTRAL SEALED FINISH.
