

About Us – Digital Beauty AI Consulting

Digital Beauty AI Consulting is a certified AI consulting agency dedicated to empowering beauty professionals, spa owners, and small-to-large business founders with cutting-edge AI technology. Our mission is to help businesses operate smarter, not harder—leveraging automation, voice AI, and intelligent systems that streamline operations, improve customer communication, and reclaim profits. Founded by a visionary beauty and wellness entrepreneur, our agency bridges the gap between technology and service-based businesses. We specialize in building custom AI voice agents, chatbots, automated booking workflows, and lead-generation funnels tailored to the beauty, wellness, and consulting industries. We serve clients nationwide with a strong commitment to education, innovation, and brand integrity. Whether you're looking to build a digital twin, automate your scheduling, or launch an AI-powered customer experience, Digital Beauty AI Consulting is here to guide you every step of the way.
