## Description

At 36'6", and a 10'6" beam, she is bigger than most other boats in her class. Sporting a deep V, big flared bow, and high-performance step bottom, she will run further and faster than others in her class. She also will allow plenty of shade and cool air in her center console cabin. Equipped with a stand-up head, shower, large berth, and optional air conditioning, she is as accommodating as many boats that are much larger.
