Introducing The **15X**
CRM!

Our CRM can optimize 80% of a business's
day-to-day operations covering services like:

Who *We Are!* and What *We Do!*

15X Business Solutions was established in January 2020 by Marwyn Allen, an energetic business-minded professional who himself went through many challenges as a business owner and wanted to create a foundation to help business owners avoid the pitfalls of entrepreneurship.

Marwyn started his first official business at the age of 18 and has been a business owner since then, establishing record labels, health communities, media groups, and more.

He has set out on a mission to use his tools, education, certifications, and valuable experience to help business owners be successful in their endeavors and not become a business failure statistic.
