

"I developed vertigo eighteen years ago and was not reeling right when I started down the pathway to medical mismanagement and disaster. I had a part of my thyroid removed, countless doctor's visits, and began taking antidepressants. My search for a good doctor that I could trust finally came to an end when I discovered Dr. Pucci through a referral."

*"My daughter gets headaches weekly. It was 'all over' joint pain that finally brought us to Dr. Pucci. My brother told me there was a special quality about Dr. Pucci's methodologies and that he was not like any other doctor. Boy, he was right! We flew in for the summer and Dr. Pucci treated my daughter daily during this time. Through further testing we were able to discover the cause of so much of her inflammation. She has juvenile rheumatoid arthritis and it has been completely mismanaged by her other doctors."*

*"Even in his 90s my dad is a fighter. He doesn't want to submit to the aging process and I respect that. We discovered Dr. Pucci through one of my wife's contacts and it's been a great relief for me just knowing*

*that my father's in his care. I live in Manhattan and receive regular status reports. Dad gets one-on-one attention, a lot of time on therapies, including guidance on nutritional products and activities he can do at home.*
