COLORED MULCH

Brown and Red Colored Mulch is made from a variety of species of recycled wood. The chips are colored with natural pigments that resist fading. Standard colors are Red, Brown and Black. Colored Mulch is an economical alternative to bark based mulch products. Use Colored Mulch to control weeds and erosion, and to retain soil moisture.

SPECIFICATION GUIDELINES

The mulch shall be derived from 100% recycled wood waste and tree trimmings colored with non toxic natural pigments that resist fading. Mini Colored Mulch is screened to an average particle size of 1 inch minus.

Suggested minimum application rate is 9 cubic yards per 1,000 square feet to provide coverage of approximately 3 inches.
