

Linear Product Update - January 2024

Dear Customer,

We are pleased to announce the upcoming launch of our new Linear Trend Ribbed effect frontals, plus new colour options for our Form, Finesse & Icon ranges along with a new cabinet colour, some new cabinets and accessories. Details of all these products can be found below.

All these products will be added to our Product e-Directory in due course.

Please do not hesitate to contact your local Business Account Manager if you have any queries with regards to this e-mail.

Linear Trend Ribbed Effect Fresca & Noce

We are introducing a new ribbed effect doors in to our Linear Trend range. The ribbed style has become a growing interior design trend over the past year and we are delighted to be leading the UK market with the launch of these doors.

Available in two woodgrain finishes: Ribbed Fresca & Ribbed Noce and are made with 100%

recycled material.

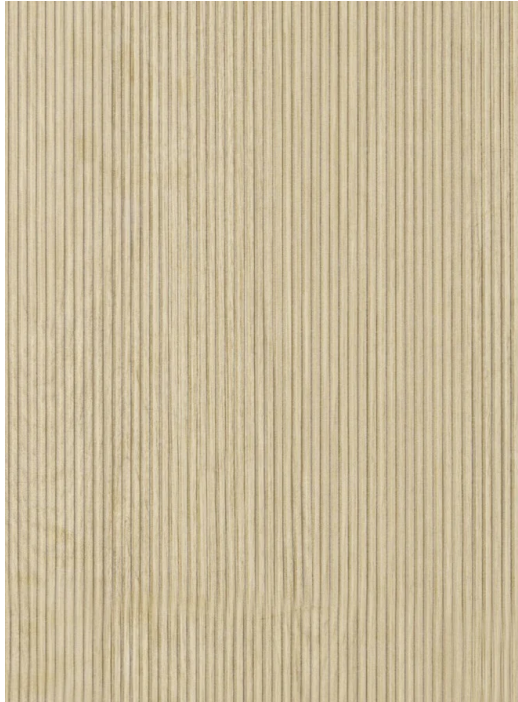

These are available in the full range specification including replacement ends following the current Linear Trend range.

Ranged accessories codes are as per Linear Icon and prices as per Linear Finesse.

Worktop Expansion Plans

Our newly completed 300,000 sq.ft. factory extension on our Barnsley head office site enables us to expand our work surface production capabilities. This provides the opportunity for significant improvements to the specification and breadth of our laminate work surface offering.

We are pleased to disclose that we will be gradually upgrading our current entry level 40mm laminate work surface offer from a 10mm front edge radius to a tighter more contemporary 3mm radius, at no extra cost to you. Codes will remain the same so there is no need to update any designs or orders. The first phase of this upgrade will be in March when the three worktops below will be changed to a 3mm radius:

Further updates about improvements to our work surface offer will be announced in due course.

During 2024, Symphony will continue to lead the market delivering exciting new products. We are looking at a range of new colours and finishes that reflect the current kitchen trends. We will keep you updated on these product developments.

Kind regards

Katie Weston
