HERE'S HOW IT WORKS

Zero stress. Full system. Done-for-you content—without the guesswork.

We keep it simple (and systemized) so you can focus on what you do best. Here's the flow once you're in:

1

SUBMIT YOUR BRAND VIBES

Once payment is processed, you'll receive our quick Branding Intake Doc within 24 hours.

We'll use this to nail your aesthetic, color palette, tone, and voice. (Yes—your content will look and sound like you.)

2

CHOOSE YOUR COPY FLOW

You've got two easy options:

- Use your own GPT-generated content and drop it into a shared Google Drive
- Or get access to our **Content Concierge** Bot—prepped and ready to guide your copy for you

3

UPLOAD YOUR VISUALS

Send us your images, brand photos, or video clips.

Don’t have content ready? We’ve got you: we’ll send a curated list of **b-roll prompts and ideas** to make it easy.

4

WE DESIGN. YOU APPROVE.

We’ll create your carousel templates (3 custom-branded versions) + any applicable stories.

You’ll get a private Notion board to review and approve your content with ease.

Turnaround: 5–7 business days after we receive all copy + visuals

1

FINAL REVIEW + EDITS

You'll get one *round* of revisions on your full batch—because we believe in done-for-you *with* your input.

Final approvals = ✨ go time.

2

WE SCHEDULE IT ALL

Once approved, we schedule everything inside your A&E dashboard — complete with captions, hashtags, and post automatio

YOU BRING:

Your brand, your ideas, and your visuals

WE HANDLE:

The copy, design, automation, and scheduling

YOUR ONLY JOB?

Sip coffee and give the thumbs up.

We’ll handle the entire content machine.
