How to Stage Treatment for Comprehensive Aesthetic Dentistry

with Dr. Paresh Shah

Join us for a masterclass on how to stage treatment for comprehensive aesthetic dentistry.

Struggling to break free from single-tooth dentistry and start providing comprehensive care? Unsure where to start when a case requires multiple disciplines? Without a clear framework, it's easy to feel overwhelmed. Staging treatment effectively can provide clarity and structure, helping you plan cases with greater confidence and predictability.

Masterclass Goals and Objectives

This session will feature real-world clinical conditions commonly seen in practice. Participants will learn from a simple yet powerful framework they can immediately apply to their treatment planning process.

By the end of this masterclass, participants will be able to:

- Case Selection: Learn simple criteria to distinguish routine restorative cases from interdisciplinary ones.
- Staging Treatment: Learn how to stage treatment to fit your patient's budget and life
- Integrated Treatment Planning: Learn how to integrate different disciplines effectively to create predictable long-term outcomes.
