ROOF PROTECT

BY NEXANANO

PROTECT YOUR ROOF FOR YEARS TO COME.

A versatile sealant formulated to protect asphalt and epoxy surfaces. It makes surfaces water- and food-resistant, shields against UV rays, prevents microbial growth, and withstands salt air, freezing, and surface deterioration.

Our Roof Protect extends lifespan 8–14 years depending on traffic and absorption.

APPLICATIONS:

- Roofs (residential, commercial, and industrial)
- Driveways, streets, and high-traffic parking areas
- Sports courts, playgrounds, and school recreational surfaces
- Synthetic surfaces and epoxy flooring
- Hybrid asphalt-and-concrete jobs
- Surfaces prone to algae and moisture damage

PRODUCT REACH:

Approximately 2,500 sqft coverage per 5-Gallons

CONCRETE PROTECT

BY NEXANANO

TRUSTED BY EXPERTS. BACKED BY SCIENCE.

A long-lasting, high-performance sealant that makes concrete, stone, and brick surfaces water-resistant and food-resistant.

It provides strong UV protection, prevents microbial growth, and helps protect against salt air, hard water, and freezing. Surfaces treated can last 5–14 years depending on traffic, absorption, and conditions.

APPLICATIONS:

- Driveways, pathways, garages, parking areas
- Home exteriors and interiors (floors, facades, masonry, stucco)
- Pool surrounds, patios, and recreational areas
- Sports parks, stadium walkways, and community courts
- Roofs and building structures
- Gravestones, limestone, and decorative stonework

PRODUCT REACH:

Approximately 2,500 sqft coverage per 5-Gallons

WOOD PROTECT

BY NEXANANO

DESIGNED TO PROTECT AND ENDURE.

A protective treatment designed to make wood surfaces water-resistant and stain-resistant while providing excellent UV and oxidation protection.

It prevents microorganism growth and extends the life of wood 5–8 years depending on weather exposure. Stains can be applied before or after the sealant.

APPLICATIONS:

- Fences, decks, and cabin siding
- Cabin and small home exteriors
- Cornhole tables, recreational projects, and outdoor furniture
- Murals, signage, and decorative wood façades in cities
- Interior woodwork in homes and commercial buildings
- Large manufacturing plants and facilities that work with wood materials

PRODUCT REACH:

Approximately 2,500 sqft coverage per 5-Gallons
