

BETHEL FAMILY CO-OP

COUNTRY RESEARCH REPORT

Your students will choose a country to research and learn about over the next several weeks. Please have them use the internet and books from home or the library to gather information.

All work will be done at home then presented to their peers at co-op.

We cannot stress enough the importance of encouraging public speaking, research, and creative skills. Presentations will be held on November 21st after regular scheduled classes between 3-3:30pm.

Presentation length should be as follows:

3rd-5th grade 1-2 minute long

6th-8th grade 3 minutes long

POSTER:

There is no set template for this report beyond the basic trifold poster background. Below you will see suggested information per grade level. We would love for students to include how God is working in their country. They can do this by researching a famous Christian, missionary/servant of Christ, or a Christian ministry/organization that is doing God's work.

Other information may include the largest tourist attraction, notable holidays, cultural music, traditional dress, current events, and so much more!

3rd-5th grade

- Country Name
- Language(s) spoken
- National Flag
- Population
- Animal that lives there
- Ministry or missionary (past or present)

6-8th grade

- Items listed above
- Capital City
- 2 Fun Facts
- Notable Landmark
- Governmental Structure

FOOD:

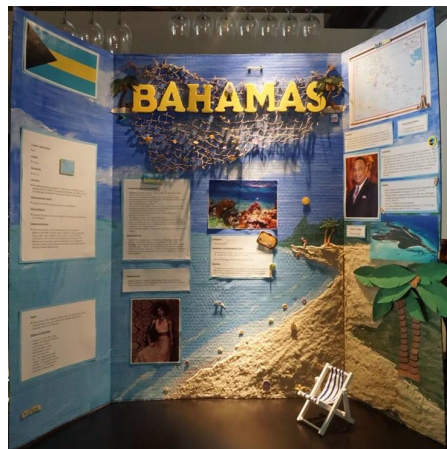

Each student must choose and prepare a dish from their country of choice. They are required to make at least 20 small portions to share with their classes during their presentation. Parents are encouraged to help younger grades, but allow as much independence as their age allows.

Please include a recipe or ingredient list on the day of the presentation for those who have allergies.

Poster Report Examples

All presentations must be created on a trifold poster board. These will be used during their presentation, as well as displayed at our open house at the end of the year.

Following are some examples to bring inspiration, but they are not limited to what you see in the pictures.

Please feel free to be as creative as you like!
