Trailman Name: _____

Using this form spares the troop from credit card processing costs, but you are welcome to order online and pay using a credit card by going to www.traillifetroop13.org/mulch.

Suburb, State, Zip: _____

Mobile Phone Number: _____

Email Address: _____

Thank you for supporting Troop 13! Your purchase helps Troop 13 guide young men to honor God, lead with integrity, serve others, and experience outdoor adventure. Please complete this form to indicate how many 2-cubic-foot bags of wood mulch you would like us to deliver and whether you would like us to spread the mulch. Weather permitting, *deliveries will occur on Saturdays in April and the first Saturday in May. We may deliver anytime between 8:30 in the morning and sunset.* The only advance notice of imminent delivery may be a phone call shortly before we arrive so please include any important delivery and spread instructions below, including a preferred Saturday request. You do not necessarily need to be present when we deliver your mulch. Your trailman may or may not be assigned to the team that delivers and spreads your mulch.

How much mulch do I need?

Mulch rarely spreads as far as we imagine it should. The existing texture of the flower bed and the presence or absence of old mulch greatly effects coverage.

Spreading a 2-cuft bag to an average of 2-in thickness may cover approximately 8 – 10-sqft. Coverage will decrease on a bare dirt flower bed.

Weeds?

Spreading does *not* include weed removal. We recommend that you prepare your flower beds for mulch before you receive delivery. If not physically removed, we recommend applying an herbicide to existing weeds and/or a preemergent herbicide (such as Preen Weed Preventer) to prevent future weeds.

Bag Qty Tiers	Mulch Color, Qty Bags				Price per Bag	Total
	Black	Red	Brown	Cypress <small>natural color</small>		
1 – 19					× \$5.70	
20 – 49					× \$5.30	
50 – 89					× \$5.00
