Color-correct and target the cause of dark circles.

Mary Kay® Undereye Corrector elevates makeup to deliver skin care to the delicate eye area. Instantly cover undereye dark circles while targeting the cause over time. The creamy, full-coverage formula immediately neutralizes and color-corrects even the most stubborn dark circles to deliver a refreshed, wide-awake appearance. It creates a long-wearing, smooth canvas and a beautiful base for concealer without settling into fine lines.

Key Ingredients

Mary Kay® Undereye Corrector goes a step further with licorice extract, frequently used in skin care, to reduce a key cause of discoloration¹ to help brighten the undereye area. The formula also contains vitamin E, a powerful antioxidant naturally found in skin to help fight free radicals, and plant-derived glycerin, a well-known humectant that helps increase skin moisture.

Application Instructions

Available in two shades to counteract blue-purple and blue-ish dark circles on light to medium skin tones or medium to deep skin tones. Apply with a fingertip or cream color brush for illuminated under eyes.
