

Conceal with lasting, creamy confidence.

- Multi-benefit formula conceals redness, dark spots, blemishes and other skin discoloration
- Creamy, long-wearing, full-coverage concealer
- Natural, your-skin-but-better finish
- Infused with vitamin E and glycerin

"This is a great, lightweight concealer that is long-lasting and blendable. It provides the right amount of coverage with a smooth finish." Kimberly W., Rochester, New York

Conceal with lasting, creamy confidence.

Whether a quick blemish cover-up or accenting your favorite features, Mary Kay® Multi-Benefit Concealer helps conceal, define or brighten however you choose. Apply with confidence knowing the range of long-wearing shades have you covered with a natural, your-skin-but-better finish.

Seamlessly blend lighter or darker shades to desired facial areas to create your ideal look, then go about your day carefree as the formula doesn't crease or transfer. Even that poorly timed blemish is no cause for stress. The lightweight, buildable formula helps conceal and blur while being kind to skin. Infused with vitamin E, a powerful antioxidant naturally found in skin to help fight free radicals, and plant-derived glycerin, a well-known humectant that helps increase skin moisture. The formula also moves with skin and doesn't settle into fine lines.

When using Mary Kay® Multi-Benefit concealer you'll be in good company! After use, women agreed it:¹

- Helps conceal the look of redness – 92%
- Feels comfortable on skin – 91%
- Helps conceal discoloration, dark spots and blemishes – 88%

¹Based on an independent 3rd party consumer study in which 187 women used Mary Kay® Multi-Benefit Concealer as directed for 7 days.

Multiple Ways to Wear:

Available in nine quick-drying shades to cover a wide range of skin tones, this high-performance, life-proof concealer is sweat- and humidity-resistant and applies easily with fingertips, Mary Kay® Cream Color Brush or Mary Kay® Blending Sponge and then stays put. Wear it alone, under foundation to conceal, over foundation to brighten and define features or even use as an eye primer! It also layers beautifully over Mary Kay® Undereye Corrector.
