Dr. Sofia Hasan

MBBS, FRCR, EBIR, DOHNS, MRCS

Dr Sofia Hasan is a Consultant Diagnostic and Interventional Radiologist on the GMC Specialist Register with dual CCT in Clinical and Interventional Radiology. She has over a decade of experience in both diagnostic imaging and complex vascular and non-vascular image-guided procedures, with additional surgical training in ENT and head & neck surgery.

She is a recognised GMC trainer, former honorary clinical teacher at the University of Dundee, and an advocate for gender equity in interventional radiology through the EMERGE programme (Boston Scientific). Her medico-legal work is underpinned by her leadership in multidisciplinary settings, experience in guideline development, clinical governance, and protocol design.

My Profile & Key Experience

Areas of Expertise

Interventional Radiology (vascular & non-vascular)

Diagnostic Imaging (CT, MRI including prostate & cardiac CT)

Vascular Access, Stenting, Embolisation, Nephrostomy

ENT/Head & Neck Surgical Background

Radiology-related Clinical Negligence & Delayed Diagnosis

Reporting Profile

Average Turnaround: 2-4 weeks

Compliance: Compliant with GMC Good Medical Practice; recognised trainer

Strengths: Strong multidisciplinary insight; complex radiological interpretation; surgical and interventional grounding

Qualifications
