Dr. Andrew Medford is an experienced Consultant Respiratory Physician with over 30 years of NHS clinical experience and 25 years of specialist practice in respiratory medicine. Since 2017, he has undertaken expert witness work, particularly in clinical negligence and Health Ombudsman cases. He is recognised for delivering evidence-based, clearly reasoned medico-legal reports, and participates actively in expert round table discussions.

He maintains a balanced caseload, with 65% Defendant and 35% Claimant instructions. He typically produces around 5 expert reports per year and has completed 41 reports in total. Though he has not yet appeared in court, he has participated in multiple pre-trial expert discussions
