## General Warranty

Magbee Contractors Supply warrants that its glass product line shall be free from defects in material and workmanship for a period of FIVE (5) YEARS from the date of delivery to the original buyer, to the point of original delivery. This limited warranty will replace any defective insulated unit or sash containing an insulated unit which has failed due to internal leakage, water infiltration, or fogging due to any defect in our material and/or workmanship. It will exclude failure due to glass breakage. Any products determined by Magbee Contractors Supply to contain defects in material or workmanship, Magbee Contractors Supply will, at its option, repair the products or parts at no charge, or provide replacements at no charge, or refund the original purchase price of the products containing the defective parts. Decisions as to whether to repair, replace, or refund shall be made by Magbee Contractors Supply, in its sole discretion. To gain full credit on replacement glass or sash, the original glass or sash must be delivered unbroken to Magbee Contractors Supply within thirty (30) days of the date of such replacement unit.

For wood windows and doors, the period of time during which Magbee Contractors Supply will repair or replace at no charge shall be ONE (1) YEAR from the date of delivery to the original buyer to the point of original delivery. This limited warranty will replace any defective wood window or door which has failed due to material or workmanship. Magbee Contractors Supply will not be liable for any cost associated with the removal, installation, or refinishing of any replacement unit.

This limited warranty on window units will not be valid if they have not been immediately caulked and sealed with appropriate oil or water based sealer/paint before exposure to moisture. [No less than two (2) coats] This limited warranty on doors will not be valid if they have not been sealed on all six (6) sides with appropriate oil or water based sealer/paint. (Top edge and bottom edge must be sealed with an oil base sealer immediately when delivered to job site.) [No less than two (2) coats].

This limited warranty will not be valid if the paint or stain finish is not maintained based on the exposure a door or window has to the elements (IE: Sun, Rain, Salt Air Etc...). Example in some instances refinishing of the product may be required every year, every six months, or even every 3 months depending on the finish applied to the surface and exposure.

# Millwork Warranty

Replacement parts will be the closest equivalent current product and may not exactly match the original. Replacements will be delivered to the original point of purchase, with no shipping charges. If shipment direct to the consumer is requested, normal shipping and handling charges will apply. In cases relating to hardware, the consumer will be invoiced for the replacement hardware at the list price and appropriate credit will be issued when the defective hardware has been returned to Magbee Contractors Supply.

Supplying replacement units, components or parts shall not extend the time period of the warranty and the replacement unit, component or part shall be warranted only to the extent of the unexpired portion of the warranty period on the originally purchased unit, component or part.

The warranty applies only to the original owner of the structure into which the product is installed and is nontransferable.

## Specific Limitations

**Instructions.** This warranty applies only to products finished, installed and operated in accordance with Magbee Contractors Supply instructions.

**Misuse, Abuse, Etc.** This Limited Warranty does not cover any product that has been abused, misused, altered or used for a purpose other than that for which it was intended or in a manner inconsistent with any instructions regarding its use. This warranty does not cover glass breakage or slight glass curvature; minor scratches or other imperfections in the glass that do not impair structural integrity or significantly obscure normal vision, or any failures or operating difficulties in the glass, wood or vinyl components or cladding due to accident, misapplication, faulty building construction or design, exposure to the elements, improper or insufficient handling, storage, installation, maintenance or service, or nonstandard installations, including but not limited to, installation in a non-vertical, upside down, on-the-side, or out-of-square position. Also excluded from this warranty are failures or operating difficulties due to exposure to corrosive fumes or condensates, stress from movement of the structure, use of night insulation or films and coatings on the product, or use in swimming pool or other high humidity areas without adequate ventilation or humidity control.

**Weathering**, normal wear, and discoloration of sills or hinges, including the tarnishing of brass is normal and does not indicate a product defect and therefore is not covered by this warranty.

**Installation**, Etc. Magbee Contractors Supply will not, under any circumstances, be responsible for installation, repainting, refinishing or other similar activities necessary to complete any replacement. It will be the consumer's responsibility for installation, repainting, refinishing or other similar activities necessary to complete any replacement.

**Proof of Purchase.** Magbee Contractors Supply may require proof of the date of purchase of any product, so you should retain your sales slip or invoice.

**Condensation.** Condensation on windows and any related water damage, which occurs as the natural result of humidity within the property or changes in interior/exterior temperatures, does not indicate a defect and is not covered by this warranty.

**Variance in Coloration.** Variance in the coloration and grain of natural wood parts of Magbee Contractors Supply products does not indicate a defect and is not covered by this warranty.

**Doors.** There will be no warranty against warpage of an eight-foot tall or taller door unless Magbee Contractors Supply multi-point lock system is ordered for the eight-foot tall or taller door. Warping shall not be considered a defect unless it exceed in the plane of the door itself, and does not refer to the relation of the door to the frame or jamb in which it is hung. In measuring the amount of warpage present in a door, the following method shall be used. Place a straightedge, taut wire or string on the suspected concave face of the door at any angle which could be horizontal, vertical or diagonal, with the door in its installed position. The measurement of the warpage shall be made at the point of maximum distance between the bottom of the straightedge, taut wire or string and the face of the door. Action on any claim for warpage may be deferred, at Magbee Contractors Supply option, for a period not to exceed twelve (12) months from the date of the claim at which time the claim would be reevaluated. If a door has been installed prior to such claim being made, the door must remain hung in the original installation during the period of deferment, to permit conditioning to humidity and temperature.

**Door Raised or Flat Panels,** are engineered with a plywood core (Split through proof panel). Wood being wood expansion and contraction will occur thus may cause small crack lines along the veneer glue lines. This is not a failure of the panel and is the responsibility of the builder or owner to refinish with proper fillers and finishes at their expense.
