LEGACY

About Us

Tamarc General Contracting is a premier construction and project management firm based in the Kingdom of Saudi Arabia. With over 11 years of industry experience, Tamarc has established itself as a leader in the construction sector, offering comprehensive services that span residential, commercial, industrial, and infrastructure projects. Our commitment to excellence, innovation, and customer satisfaction has positioned us as a trusted partner for both government and private sector clients. Tamarc's expertise in handling complex projects with precision and dedication has resulted in the successful completion of over 1 million square meters of built-up area across various sectors.

At Tamarc, we view every budget as an opportunity to showcase our ingenuity. Whether working on a small-scale project or a mega development, we see the financial framework not as a limitation but as a challenge to deliver remarkable results. Our dedicated teams are tailored to meet the unique demands of each project size, ensuring that every client receives the highest level of service and value. Going the extra mile is not just a goal but a standard we uphold in every endeavor.

TAMARC GENERAL CONTRACTING

Brand Story

Building Beyond Boundaries
The Journey of Tamarco

Brand Story

Founded over a decade ago, Tamarc General Contracting was born out of a vision to transform the construction industry in Saudi Arabia. Our journey began with a single project, and through relentless dedication to quality and client satisfaction, we have grown into a multi-faceted organization with a diverse portfolio of successful projects. Tamarc's story is one of growth, innovation, and a steadfast commitment to excellence. We have built a reputation for delivering projects on time, within budget, and to the highest standards, earning the trust of our clients and the respect of our peers.

TAMARC
تمارك

Vision

To be the leading force in the construction industry, setting new standards for quality, innovation, and sustainability in every project we undertake.

Mission

Our mission is to deliver world-class construction solutions that exceed our clients expectations. We strive to achieve this by embracing the latest technologies, upholding the highest standards of quality and safety, and fostering a culture of continuous improvement and customer focus.

Values

Excellence : We are committed to delivering the highest quality in every aspect of our work.

Innovation : We embrace cutting-edge technologies and innovative practices to enhance our services.

Integrity : We conduct our business with the utmost honesty and transparency.

Customer Focus : We prioritize our clients needs, ensuring their satisfaction and building long-term partnerships.

Sustainability : We are dedicated to implementing environmentally responsible practices in all our projects.

Chairman's Message

At Tamarco, our journey has been one of innovation, excellence, and national progress. We are not just building structures but creating legacies that align with Saudi Vision 2030. By embracing cutting-edge technologies and sustainable practices, we contribute to a vibrant society and a thriving economy. Our focus on delivering world-class infrastructure that elevates the quality of life ensures we are shaping a prosperous future for the Kingdom. Together with our visionary partners, we continue to build foundations for future generations, all while upholding our core values of integrity, collaboration, and excellence.

LET'S BUILD THE FUTURE-TOGETHER.

Eng. Sameer Rashwan

Chairman

CEO's Message

At Tamar General Contracting, continuous improvement is at the heart of everything we do. We are committed to delivering projects on time and consistently fulfilling our promises to stakeholders. Our ISO certifications (ISO 14001, 9001, and 45001) stand as a testament to our adherence to the highest international standards in quality, environmental, and safety management. These certifications validate our commitment to adopting industry best practices, ensuring our work not only meets but exceeds expectations. We take pride in being a trusted partner who delivers results that align with the strategic goals of our clients and contribute to the growth of Saudi Arabia. Tamar is dedicated to shaping the future of construction with efficiency, innovation, and excellence.

Installing systems for safety and security, including alarms and surveillance.

Air Conditioning Systems

Installing HVAC systems for climate control.

Energy Saving Systems

Implementing solutions that reduce energy consumption.

Smart Systems

Integrating technology for automation and smart management of the building.

Policy & Approach

TAMARC GENERAL CONTRACTING

TAMARC
تمارك

Our Policy

At Tamarc, our commitment to **Total Quality Management** is unwavering. We aim to deliver exceptional outcomes that reflect our dedication to excellence. Our policy focuses on:

Quality Assurance

Upholding the highest standards while maintaining competitive pricing without compromising quality.

Health, Safety, and Environment (HSE)

Prioritizing the safety and well-being of our employees and stakeholders by rigorously enforcing HSE protocols. We closely monitor operations to ensure strict compliance and prevent hazardous incidents.

Our Approach

Efficient Collaboration

We prioritize seamless cooperation across all business functions, ensuring that every aspect of your project is handled with precision and care. Our approach is rooted in understanding your needs and delivering value that aligns with your vision.

Smarter Budgeting

Through our design-build methodology, we integrate design and budgeting processes early on, enabling cost-effective solutions and smoother transitions across project phases.

Faster Delivery

Our adaptive and flexible approach ensures timely project completion. We effectively manage multiple timelines, allowing us to deliver superior results more efficiently than traditional methods.

The background of the page is a high-quality architectural rendering of a modern residential villa. The building features a central courtyard with a large, arched opening. The walls are made of a light-colored, textured material, possibly stone or concrete, with a pattern of small, dark, triangular or diamond-shaped perforations. A man in a dark jacket and light-colored pants stands in the archway, looking towards the camera. The sky is a clear, bright blue with some light clouds. The overall style is contemporary and minimalist.
