### EMPLOYEE ENGAGEMENT

**Benefits Programs that  
Retain Talent & Reduce Costs**

The old system is broken making employers an obstacle to better healthcare. Employees deserve more choice and greater control over how their dollars are spent. Enrichly provides the tools and support employees need to optimize financial wellness and engage in the new healthcare system so they can live better, more enriched, lives.

### WORKPLACE EQUITY

**Personal Choice &  
Benefit Portability**

Diversity extends to benefits choice - Enable employees to personalize their benefits, across all aspects of their life (physical, emotional and financial) not just medical/dental. Enrichly provides carefully curated solutions and healthcare support bundles that enable employees to reduce out of pocket expenses and access the care they need when they need it most.

### FINANCIAL EMPOWERMENT

**Financial Protection for the  
Entire Workforce**

Offer our exclusive Life Events & Emergency Spending Accounts (LEESA) and medical bill repayment programs to empower employees, not only to save money, but safeguards them against unexpected life events and emergencies by providing access to up to \$1,500 at 0% interest for 12-months - ensuring they always have the peace of mind and the care they deserve.

## ABOUT US

Enrichly offers the first and only personalized employee benefits platform empowering employees to engage in the new consumer-driven healthcare system, providing privacy and financial protection and choice, impacting all aspects of their lives including physical, emotional, and financial health.

## WHY IMPLEMENT ENRICHLY?

To attract and retain talent, to provide employee privacy and portability, and to reduce administrative burden and risk for your business or nonprofit. Enrichly delivers a plug and play platform that makes it easy for you to thrive in the ever-changing health and benefits landscape.

### Convenience

Employees get access to the leading platform in personalized benefits and consumer-driven health engagement. You'll always be many steps ahead of the market and an employer of choice.

### Flexibility

Employees choose so you don't have to. Simply provide allocations by employee and unleash the power of Enrichly. Employees are ensured privacy and the power of choice.

### Amazing Support

Access and support from leading minds in the world of benefits, insurance and health care to educate and support employees through important decisions impacting their health. (critical to support "consumer-driven" healthcare)

## TELEPHONE CONFERENCE

You will receive a complete analysis of your company's current health spend, with strategies that can reduce cost, and/or redirect spend to additional ancillary service offerings that will significantly improve the value of your company's benefits package.

## NEXT STEPS

We set up your employee's technology platform to provide personalized access to health plan choices with their state's most common and highly rated providers. The Business will step out of the way as your employees choose for themselves their best plan for their lifestyle, budget, and family dynamic. They will also add other coverage options including dental, vision, hearing, gap, indemnity, legal plans and more.

## OUTCOMES AFTER LAUNCH

The business will enjoy satisfied employees and the value they provide to your organization. You will attract and retain the best talent by delivering a plug and play platform that makes it easy for the business or nonprofit, and their employees, to thrive in the ever-changing health and benefits landscape.

### Distinctive

Not every business or nonprofit will have this innovative health benefits tool that your business has chosen for your employees.

### Innovative

ICHRA was newly developed by the Federal Government to reduce cost and enhance care options for the nation's employees.

### Unmatched

Enrichly is the only Plug and Play ICHRA *plus* Personalized Employee Benefits "Operating System" in the Human Resources Industry.
