

# **Rightful Return PMA - Disclaimers & Notices Overview**

This PDF provides a simplified overview of each legal disclaimer published under the Disclaimers & Notices section of Rightful Return PMA's Legal & Compliance Library. These summaries are educational in nature and not binding.

## **Terms & Conditions**

Outlines the private, invitation-only nature of Rightful Return PMA. Confirms no public commerce, no guarantees, and a one-time donation structure. Affirms use of American Eagle coins or Bitcoin only. Includes arbitration, jurisdiction clauses, and no federal jurisdiction.

## **Privacy Policy**

Explains what personal data is collected and why. No third-party ad tracking, no profiling, and no CCPA/GDPR jurisdiction. Stored data is minimal and encrypted. Honor-based data requests are accepted with no obligation.

## **DMCA Policy**

We honor takedown and counter-notice procedures under the DMCA, but do so under private arbitration and PMA jurisdiction. We require lawful identification of alleged infringement and handle violations under common law.

## **Refund & Guarantee**

No refunds. Donations are final after joining the PMA. Members agree to all terms via a 4-stage membership process. We guarantee a \$500 risk reversal only if our full process is followed and a state denial occurs.

## **No Duplication Notice**

No redistribution, mirroring, or monetization without written permission. Reproduction is considered a violation of Rightful Return property and may trigger lien or donation demands.

## **Social Media Terms & Disclosure**

We use social media for education and updates only. No affiliate ties or platform sponsorships. No employment or agency relationship with social platforms. Government censorship is condemned.

## **Public Misunderstanding Risk**

Not a tax shelter, not legal advice, not a scam. This PMA is spiritual and educational only. Any misrepresentation does not alter the contract. Email us to resolve confusion privately.

### **Platform Terms Conflict**

Where third-party platform rules conflict with PMA values, the PMA contract prevails. Public terms like refund windows or advertising permissions do not apply within our private domain.
